VOL. LXXXVI NO. 44 15 CENTS PER COPY

HIGH SCHOOL BOARD CUTS 9 FROM STAFF

The Antioch High School Board moved to cut over \$100,000 in salaries and presented an additional list of proposed budget cuts that could swell the figure to well over \$150,000 for the 1972-73 school year.

In making the salary cuts the board moved not to rehire 9 and 2/5ths teaching positions for the coming year. They are: Elizabeth Backes, Science; Harold Butterfield, Industrial Arts; Kathy Clumpner, Counseling; Theresa Estep, Business Education; Ted Evans, Social Studies; Lee Gustafson, Music; Beatrice Lipski, English; and Gene Neumann, French. In addition, the position of retiring Spanish teacher Betty Scott and one administrative post will not be filled.

It was learned that the administrative post not to be filled will be that of retiring Superintendent Albert Dittman, leading to the conclusion that Assistant Superintendent Warren Polley will be named as his successor. (See adjoining article)

The \$50,000 in additional cuts currently before the board for consideration would include the elimination of all freshman and

junior varsity level athletics, the entire Adult Education Program, plus one full time and four part-time non-certified personnel.

The Board also brought up the possibility of eliminating all extra curricular increments, except those for the Girl's Athletic Association sponsor, ticket manager, student council sponsor and the music increment. Elimination of fringe benefits for all part-time non-certified personnel and reductions in diversified occupations, music and

telephone service were also proposed.

Also up for consideration is the proposal to create an overlapping five hour student schedule which would eliminate three lay supervisors.

While the board did not actually authorize the additional non-certified personnel and program cuts, sources close to the school board said the reductions would probably stand as is, with little adjustment.

After announcing the proposed

cuts, the board offered programs which would increase revenues by over \$12,000. Included are proposals to hike the student textbook fee from \$8 to 10, a five cent increase in student meals (40 cents to 45 cents), and a fee (possibly \$10 per athlete) for athletic participation. There may also be a fee included for Home Economics, Art and the Business Education Program.

Of the proposed program cuts, the most drastic would come in athletics, music and the adult

Con't on Page 9

Quaker Industries Plans New Addition

Quaker Industries of Antioch has submitted a request for a building permit to the Village Board that would increase their plant size by 50,000 square feet.

The proposed addition would cost in the neighborhood of \$400,000 and bring the size of the plant

to 350,000 square feet.

Location of the addition has been listed as the south portion of the existing structure.

According to the Village Board the plant would be 6,000 square feet larger than the land use zoning would permit and need a special use

permit. However, Quaker President Grant Spong said that he believed the addition to be within the requirements and would need no additional zoning or permit.

Spong said that the addition would house more warehousing space and was purely an expansion program.

Flooded Homeowners

Urge Study

A group of distraught residents descended upon the Antioch Village Board, Monday night and urged the Village to conduct a survey preparatory to building a comprehensive storm sewer system. Pricetag for the study was placed at between \$25,000 and \$35,000.

The group attended the meeting to voice their strong displeasure over the present system in the wake of a torrential downpour that flooded basements of many village residents on Sunday.

The rains dropped nearly four inches of water, over a six hour period, and the situation was compounded when the present storm water system overflowed into the sanitary sewers causing basements to be filled with storm water and raw sewage.

One of the irate homeowners, Herman Behm, of 506 Garys Drive, emotionally stated that he didn't "mind" water in his basement, but that he didn't want it "turned into a septic tank."

Former mayor and land developer Murrell "Missouri" Cunningham

declared that he was "fed up" with the situation and demanded that something be done. He intimated that if no action was taken he might bring a legal suit against the Village to halt any future building until the matter was cleared up.

After a heated 40 minute discussion

that shifted back and forth between the angry homeowners and board members, the board moved to make a decision on a "thorough and comprehensive sewer system throughout the village" at a special meeting to be held April 24th.

However, before it was determined

that an aerial survey had to be performed in order to hope to qualify for federal or state grants, the principals involved in the discussion talked about the feasibility of a referendum or a special assessment to pay for any new sewer system.

This is a view of North Avenue at the end of Garys Drive - the flooding street put 4 feet of water in the garage of Mr. and Mrs. Ron Horton. As well as water - the residents in the area had the problem of raw sewage coming into their basements. (Staff Photo)

Phone 312-395-5554

Today we are faced with more mental illness, more psychological problems and more emotional instability than we are prepared to remedy. The Antioch Mental Health Association is very much aware of and sensitive to the problems people must handle. The women in this organization work year round to raise funds to support others who are in need. The Thrift Shop (on the corner of Lake Street and Main) and the Cotillion are the main sources of monies.

A few of the areas that the Mental Health Association has been contributing to are as follows: money has been donated to the Grove School in Lake Forest to help continue the many programs provided for poorly sighted, deaf, crippled and mentally handicapped children. These are children who cannot be placed in any educational program offered by the public school systems. A pledge has been made to the Grove School Building Fund. The goal of the fund is a permanent residential center (a home for life) for the multiple handicapped children.

Mrs. Sherman St. Pierre knows how important this permanent home is to the

handicapped. She volunteers one day a week at a pool in Lake Forest and works with the children from Grove School. The majority of children in her swimming groups cannot talk and many cannot walk. Mrs. St. Pierre says, "You just don't realize what goes on in this world until you have spent some time with these special children. The most frightening thing is that they will reach a certain age and have no place to go."

The Lambs Farm in Libertyville is another beneficiary of the association. The Lambs employs mentally handicapped young people. Visit them and see their self-complacency, efficiency, pride and human dignity. Truly a wonderful world has been opened to these young men and women.

Four mentally retarded children from our area will be sent to summer camp this year. A Hydrocephalic child will soon begin an educational program. Local needs are always being investigated and supported.

Now the Antioch Mental Health Association turns to you, our neighbors, our friends, our community

members and asks for help. Please help by supporting the Seventh Annual Mental Health Cotillion. Tickets are now available at the State Bank of Antioch, The First National Bank and the Antioch Savings and Loan Assn.

MEDICAL ASSISTANTS HAVE ANNUAL MEETING AT HOLIDAY INN

Governor Ogilvie has proclaimed the week of April 17th, "Medical Assistants Week in Illinois." His representative, John Dailey, will present the Illinois Society of American Association of Medical Assistants with a plaque for this occasion, at the Installation Banquet on Saturday, April 22, at 8:00 P.M. Speaker for the occasion will be Doctor Paul Williamson of Macomb, Mississippi. Dr.

Williamson is author of "Practice". Doctors and their assistants will be attending this convention from all over the state of Illinois.

The convention is hosted by the Lake County Chapter of AAMA. Mrs. Zelma Bechtol of Lake Villa is chairman and Mrs. Bee Soladay of Antioch is co-chairman. Mrs. Bechtol and Soladay are employed in the office of Drs. Abderholden, Lorang and Barnes of Antioch.

YOUNG VOTER ISSUE

Almost unnoticed in the issue of new voter participation is that of the young American voters who are in the military service.

Meanwhile, most attention is directed toward college campuses and the perplexing issue as to where these new young voters should be entitled to register and vote. In most cases, the young college voters will have to decide for themselves which they regard as their bonafide residence.

If they have truly established residence in the College community and have abandoned their paternal home, then apparently they should be entitled to vote at the place where they are attending college - and assume the full responsibilities as citizens - including taxpayers - in the college community.

Virtually forgotten are the more than 2 million men and women serving in the armed services - many of them overseas. According to a report from the Youth Citizenship Fund, only about 25 per cent of those in uniform voted in the 1970 elections.

A Pentagon effort to establish a special voter registration program for the month of February was noticeably ineffectual. Few of the new voters appeared to be informed about the program, and even some of the officers charged with encouraging voter registration in the military services were unaware of their responsibilities. A recent special project conducted at Fort Belvoir, Virginia demonstrated that, where Army officers are informed and young military personnel are made aware of their voting privileges, the response can be quite overwhelming.

Among today's military

EXPENSIVE OR GOOD EDUCATION?

I wrote a letter to the editor several months ago asking if we, here in Antioch are confusing an expensive education with a good education. I am still asking the same question.

Books have been the mainstay of education for centuries, and have given millions of people a very good education. Why, now, are tapes, records, and movies so important at a grammar school? Why are shops needed in grammar school? Isn't this a needless duplication of what we give the high school?

The tax payer has just so much money to work with. We might have more to give to high school if the grade school didn't ask for so much. We all knew that the grade school was only waiting to see how the referendum turned out to decide whether they would run one, and as it turned out we were correct. I would like to see black and white figures on

personnel, more than 675,000 are included among the newly eligible 18 to 20 year old servicemen. While no one dares speculate on the political affiliation of these young citizens, it is the view of this Member of Congress that they are among the most important of the new young voters who should be encouraged to participate in this year's general elections.

Further administrative action by the Pentagon and possible legislative measures by the U.S. Congress would help.

In response to an inquiry posed by this Member of Congress to the Pentagon, additional assurances have been given that all servicemen will be fully apprised of their rights to register and vote - and will be encouraged to participate in the 1972 elections.

what these courses cost. I would also like to see how much all the clubs at the Upper Grade Center cost.

Many of us did not grow up in Antioch. We attended very large schools in Chicago that managed to run with only one or two secretaries. Why do we need so many here? If we don't, why were they hired in the first place.

We have been accused of not being interested in our children's education. Well, I'm sorry if we've given this impression. We are interested, but we would like to know how our money is being spent. We do not feel that all the frills are necessary. A person who has to watch his food and clothing budget cannot afford to duplicate courses, nor can he afford tax money for Clubs, Arts and Crafts.

We were told that the High School referendum would only cost the price of two packs of cigarettes per week. How much would the Grade School have cost. My husband and I have given up eating out, movies, and vacations, are we supposed to give up smoking now too? I want to give my children the best I can, but I don't believe that any child should be brought up to expect his or her parents to give up everything so that they can have everything they want.

We are not looking for buildings that are show places, we want a good basic education for our children. We can't change the building that has already gone up, but we do feel that what is taught inside of this building can be changed and cost us far less than it is now.

Of all the cuts the school board has proposed, only four really concern me. They are the band. Our grade school band took a first in Illinois this year, and many other years. I would hate to see this go, and I know that band costs only \$17,000 per year. The cut in Educational Supplies. I hope this doesn't mean books, because we really didn't have enough books to go around this year. Extra Curricular Sports. Only a few children are on the team, but the whole school enjoys the games.

Last but not least the bussing. Many of our children that live under one and one half miles from school would have to walk the highway. There are no sidewalks, and traffic is heavy in the morning when they are going to school. This could be very dangerous.

(Would a referendum of say 5 cents or 10 cents cover these things? I think that the General Public would be willing to listen if we were given the dollars and cents facts.

Joan M. Barnes

EDITORIAL CITIZEN PARTICIPATION

The editorial stance of this publication has always been one of fairness. Whether it be a wrong to be righted or giving credit when credit is due, we always attempt to express our opinions with both equity and temperance.

Those individuals, groups and committees who have voiced their opposition to the Planned Unit Development are a good case in point.

While reason and careful consideration might dictate a different course, their participation in governmental meetings and use of legitimate channels of communication to make their feelings known is worthy of recognition.

These individuals and citizens groups have organized well, aligned themselves with others of the same persuasion, have written letters to public officials and administrative bodies and in general have been a fine example of democratic participation.

All too often, groups with a considerable "gripe" are forced into a state of impotence because of a lack of knowledge in making their feelings known.

The opponents of the development, however have suffered from no such lack of interest, knowledge or involvement. For this we praise them.

And yet, rather than issue an open ended statement of commendation, we must conclude with the hope that those currently involved, as well as the citizenry in general, will continue with this initiative and participate to the same extent in all governmental decisions.

We express the sincere hope that this will not be an isolated incident, but will open a new period of day to day citizen participation in the dealings of this, their village.

National Library Week

Among the wealth of news stories on China that have flooded the press since the President opened a new era in U.S. - China relations is the startling information that, "...no novel has been published since before the cultural revolution, and reading fare is limited to the propaganda of official newspapers and magazines, technical books and, as always, quotations from Chairman Mao."

China is apparently a literary desert compared to the United States and other western democracies. Thus, this year, National Library Week, which is to be observed from April 16-22, should serve to emphasize with special poignancy the meaning of the treasure of knowledge, understanding, and culture that lie within the walls of our libraries. President Nixon's journey to the Orient was an attempt to carry a message into a void—a message of hope and peace. His task would have been immeasurably easier if the citizens of today's China could draw on the wisdom so freely available in the great libraries of the Western World.

The Bell

Neglect is a harsh word. Literally defined, it means to disregard, to ignore.

In usage, neglect takes many forms. It can manifest itself as a lack of interest, a coolness, or a conscious attempt at disaffection.

There is just such an object in our own village of Antioch. While there is, perhaps no conscious attempt to shun it, it is nevertheless ignored.

At the southwest corner of Broadway and Orchard Streets, there stands a relic of Antioch history. For years it was the focal point of a great deal of attention. However, in the current highly mechanized society its function has been usurped.

Set in a concrete memorial is the original fire alarm of the community. However, no longer is its ominous tolling heard across the countryside and immediately answered.

It now lies in disuse, its voice gone, its message unspoken. It was not always this way.

Cast in 1896 by a Milwaukee firm, the call of this bell sent residents scurrying from their homes to search the horizon for a trace of smoke. Volunteers jumped up, left their tasks and ran helter-skelter to answer the call.

Its first site was a Lake Street lot near the present location of Larson and Lumber Law Office. Here it remained for more than twenty years alerting and warning of danger.

Then, in the late "teens" or early 1920's the bell was moved to the old town hall, across the street from the modern building. It was erected atop a tower and stood as a symbol of help and distress.

In the days before

electricity was widespread, the bell was rung by means of ropes which loosely fell just outside one of the building's windows. With a mighty tug the wheels were set in motion and volunteers streamed in from the surrounding countryside.

Then, with the advent of whistles and sirens the bell fell into misuse. And yet it still stood, ever vigilant and watchful, waiting to provide the service it had been born to perform. But that time never came and with the passing of years the tower that held it loftily above the downtown district began to crumble.

Fearing that the tower and the faithful bell it held might prove a hazard, village officials ordered it taken down.

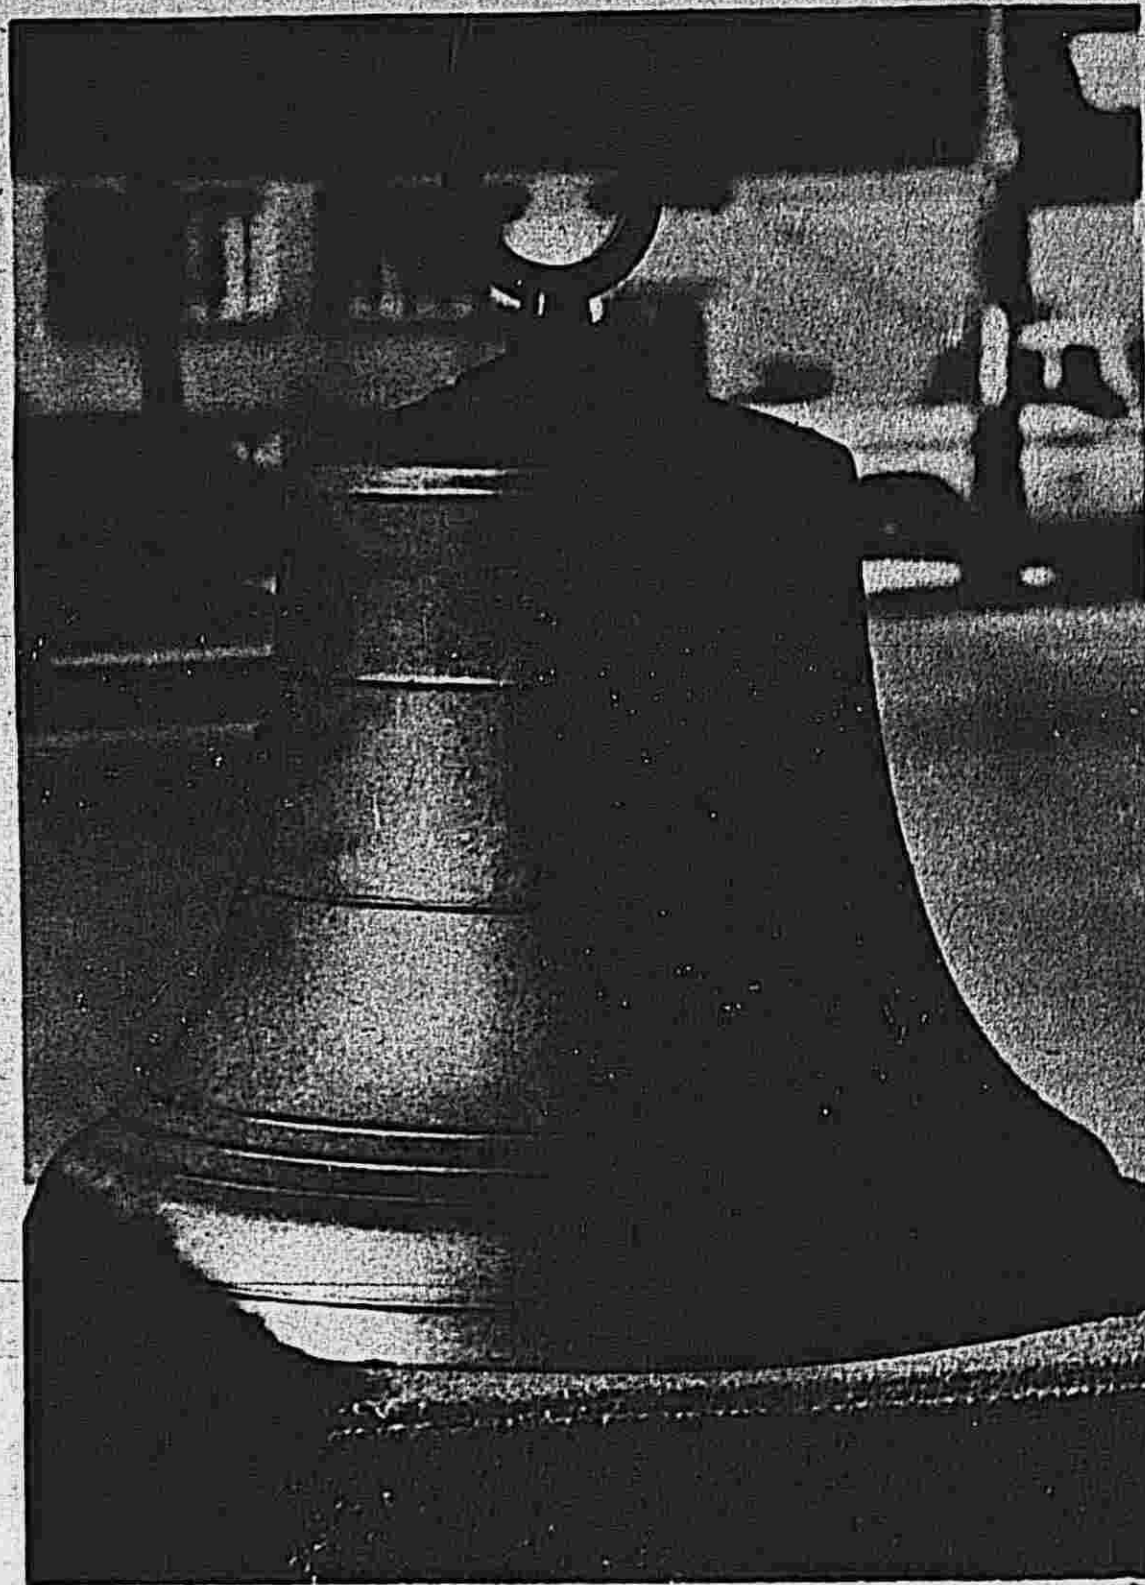

The bell, however, was to meet another fate. Having grown prematurely old with the years of misuse, it was taken down and stored in a lonely corner of the old Village Hall.

There it lay until 1958 when several village employees decided to mount it in the cement memorial.

Fourteen years have now past and the bell keeps its lonely vigil on the corner, only a whisper away from the modern fire station that dwarfs it. Its task is now handled by more modern means and it is occasionally the victim of vandals. But it stands resolute, a memorial to those who served and like itself, are now forgotten.

Earth Week III

Earth Week III is scheduled for observation in Illinois April 17-23, 1972. What are you doing to help our endangered environment?

(Staff Photo)

Polley May Succeed Dittman as H.S. Superintendant

The reductions in staff at the high school and in particular the elimination of one administrative post has led many to speculate that Warren Polley, the current Assistant Superintendent, may shortly be named to succeed retiring Superintendent Albert Dittman.

While no one directly involved will comment on the matter, it appears the high

school board will probably name Polley to the post in the near future. Dittman had previously asked that vacation time be put in effect to allow him to retire before the June 22nd date he had given for the end of his service.

Polley has been a member of the high school staff for more than 20 years. He was named to the Assistant Superintendent position in 1964.

REPLACEMENT FOR DAVIS STILL BEING SOUGHT

The search for a replacement for retiring Police Chief Jack Davis is still continuing, according to village officials.

Davis, who requested not to be rehired because of dissension within the force and bad publicity regarding his handling of police activities, will end his term on April 30th and as yet there appears no successor.

Apparently there have been eight or nine persons who have shown an interest in the position, but so far no decision has been made.

The Village Board meeting of April 17th shed no new light on a replacement and there is speculation that the issue may not be decided until the May 1st meeting.

In Davis' absence the duties of chief are being handled by Sgt. Elmer Pett.

ACHS STUDENTS ENTER SKYLAB STUDENT PROJECT

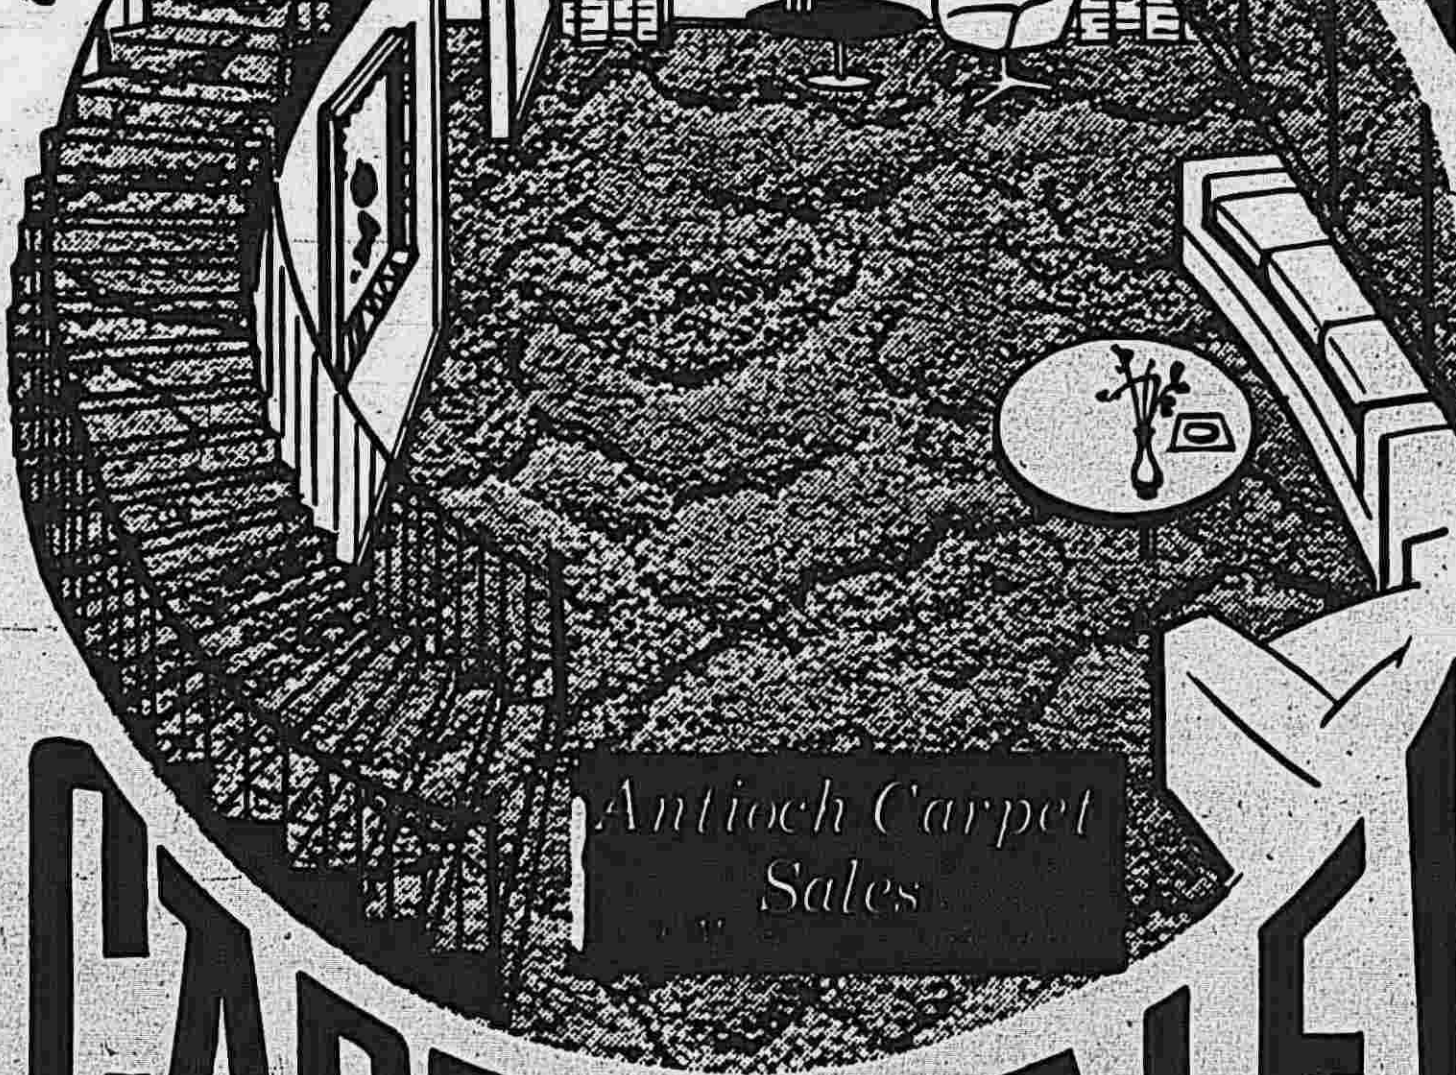

Two Antioch High School students are among a group of secondary students in the nation who have submitted flight experiment proposals for the NASA Skylab missions to be flown next year.

Skylab, capitalizing on the experience and capability gained with Apollo, will be used as a manned laboratory to conduct scientific and technical studies and Earth-oriented observations.

Wanda J. Springer (15) of 294 Lakewood Drive, Antioch submitted an experiment entitled "The Building or Destruction of the Nutritional Value of Foods." Christine M. Wiczorek (15) of Rte 3, Antioch submitted an experiment called "Development of an Embryo in a Zero Gravity Environment. Both girls are in the 9th grade at ACHS.

Finalists in the Skylab Student Project may have their proposals accepted as official flight experiments. The project is sponsored by the National Science Teachers Association and the National Aeronautics and Space Administration.

Pretty soon a lot of city people will be coming our way for the summer months, and I thought if I asked people what bothers them about the way people drive, city people or not, I would get some interesting views. This week's question was:

AS SUMMER WEATHER IS APPROACHING, AND MORE PEOPLE ARE MIGRATING INTO THE ANTIOCH AREA, WHAT ADVISE WOULD YOU GIVE TO THE AVERAGE CAR DRIVER?

MRS. ARCHIE SHANNON, of Antioch, said, "Be cautious and careful. Look out for the next person."

MR. JOHN DUPRE, of Antioch, stated, "I am continually hollering at women drivers because they don't know how to go past a stop sign. They stop and wait forever. They are too cautious. Particularly at the corner of Orchard and Main with the left hand turn. They wait forever. Then traffic piles up behind them. 99% of the time it is older women. In other words, keep traffic moving, cautiously never the less."

MRS. HIGGINS, of Antioch, said, "Keep your eyes on the road. When you see somebody you recognize, don't lean out the window to say hi, it could result in an accident."

MRS. ERNEST WESTLUND, of Antioch, replied, "Follow the traffic rules of the village. Especially watch for the children because they will be out of school soon and you never know what they are going to do. Also I have seen people drive into exits into stores when you are supposed to come into the entrance. For example, at the Antioch Bank and Jewel. It certainly fouls things up when you are coming out and they are going in. The signs seem big enough to me. In other words, obey the signs."

MRS. ROBERT CUNNINGHAM, of Antioch, answered, "With my husband on the Fire Department, my advise is that when the fire siren goes off, watch where you are at. Sometimes the cars will stop in the middle of the

Forest Preserve Prohibits Bingo

The Policy & Planning Committee has determined that Bingo is not compatible with the intended purposes of the Lake County Forest Preserve District. According to William Lea, Chairman of the Committee, "The carnival atmosphere created by the number calling and other activities usually associated with Bingo are not in keeping with the intended objectives of a forest preserve and will not be allowed irregardless of whether or not money or prizes are involved."

street and he can't get around them."

MRS. JOHN MIKOSH, of Antioch, said, "Courtesy first of all. That should be used all of the time, not just during the summer. Always lock your car. What's the sense of complaining to the Police about something being stolen

when you left your car open? You can never take the other driver for granted."

MRS. ELLEN RYAN, of Antioch, stated, "People drive too fast, tailgate too much and also pass in and out of no-passing zones on all roads, in and out of town. I am not going to limit it to kids because

a lot of men and women do it too."

MRS. ARTHUR DALZIEL, of Antioch, replied, "The Chicago drivers drive like they are still in Chicago, even though they are in Antioch. But let's face it, it's our own people that do it too. Kids mostly."

I hope the warm weather comes quick, and stays. The only good thing about winter is that you appreciate the summer so much more.

Peace till next week.

Gigi

Remember When?

Remember when? We don't, but maybe some of you do. It is Antioch or the people from Antioch. For the next few weeks we will publish a photo from a time long past in hopes for some it might spark a fond memory.

If you should happen to know when and where, let us know! We are sure many would be interested. Also if any of you have a very interesting "remember when" photo of Antioch and would like to share a memory or two with others, we will try to print it for you.

ANTIOCH-NEWS

What a jolt my memory got when I came face to face with myself in the "Remember When?" picture in the April 5th issue.

That group made fun as well as music!

Sincerely,
Hester Garland
St. Paul, Minn.

Gentlemen:

With reference to your "Remember When" photo in the April 5th issue, it is of the "Kitchen Kabinet Orchestra" and was taken on December 1, 1925.

My mother is the 4th from the left seated in the front row....a few of the members are still alive and I am sure they must have already made identification.

Sincerely yours,
Laurel D. Powles
Ridge Manor, Fla.

The Kitchen Band was organized and sponsored by the Antioch Woman's Club for a benefit and later given at a 10th District Meeting of the Woman's Club.

The picture was taken on the stage of the Antioch High School gym. Date approximately 1919 or 20.

Some of the people I recognize are Mesdames Jensen, Garland, Watson, Mathews, Osmond.

There were some younger girls in the band including myself and Marguerite Nelson

April 12th picture

This picture was taken Armistice Day of W.W.I in front of the Antioch Grade School. The hearse was one owned by J.C. James who was once an undertaker in Antioch on Orchard Street. The hearse had been stored for years in a shed back of the Episcopal Church and a group of youngsters had taken it out

This week's "Remember When" picture was loaned to us by Bill Brook.

that Halloween. The hearse contains an effigy of the Kaiser. A parade was held that day followed by a dance at the "Opera House" on Lake and Main St. The music for the dance was furnished by the Antioch Band under the direction of Rev. Samuel Pollock.

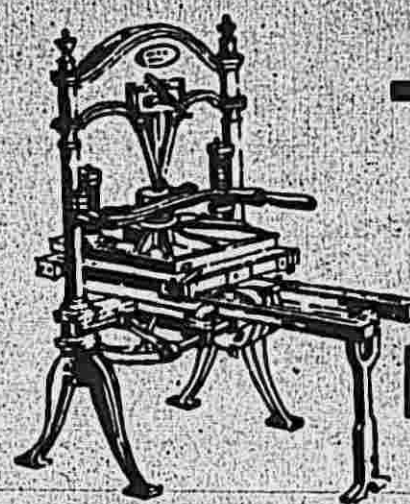

After dark there was a huge bonfire which included the hearse - this was held where Barnstables store is.

Incidentally, my mother, Mrs. Arthur (Lena) Edgar, is in the picture.

Along the Way with *Annie Mae*

The April showers we had on Sunday, didn't dampen the 1st anniversary celebration for RON & KATHY HORTON. The party went on despite 4 feet of water in their garage! (course they moved to a new location).

ED & EVELYN STRANG moved into their new home on Harden St. about 2 weeks ago, and old habits are hard to break! Hear EV has driven into the driveway of the old location, more than once!

Our Condolences to MRS SUNNY ARNDT & FAMILY on the sudden loss of her husband, HARRY. They just recently celebrated their 40th Wedding anniversary.

CARL & MILLIE NADR will be moving into their new apt. soon, they hope. A moving van is storing all their belongings (practically everything they own but the clothes on their back!) as they were unable to move in because of the muddy road leading to their new home. But good neighbors, FRANK & LUCILLE KUECHEN-MEISTER have offered them a place to stay til their new home is accesable!

MR & MRS THOMAS HALEY, JR are enjoying a visit from a few of their children. ED & SHARON HALEY from California, PEGGY & her husband, STAN, from Michigan, and JERRY HALEY is home on leave from Japan.

Their home must be as crowded as the "old days" when all 14 children were home!

Grass Lake Kindergarten Registration

Kindergarten registration for the 1972-73 school year will be held at the school during the week of April 24th thru April 28th, from 8:30 a.m. until noon and from 1:00 p.m. to 3:30 p.m. each day.

All children entering kindergarten in September of 1972 must be 5 years of age on or before December 1, 1972. A legal birth certificate must be presented at the time of registration. Birth certificates may be obtained from the Bureau of Vital Statistics, County Courthouse of the county in which the child was born. Hospital certificates cannot be accepted.

At the time of registration parents will received a health examination blank which must be completed by the family physician, and dentist before entering school in the fall.

Any children who will attend first grade in the school year 1972-73 and who are not currently enrolled in kindergarten should register during April 24th thru April 28th. In order to enter first grade next fall, the child must be 6 years of age on or before December 1, 1972. Again a legal birth certificate is required.

First grade students who are not currently enrolled in kindergarten will also receive health examination forms to be completed by the opening of school in the fall.

Supt. William Hart also

On April 23, MR & MRS STAN SZYMANSKI of Oakwood Knolls will be celebrating 30 years of wedded bliss. Congratulations...

Happy birthday wishes go out to JEAN BENES and BETTY LU WILLIAMS on the 21st of April; to DON AMUNDSEN on the 23rd and to LAURA HORTON on the 24th.

Friday night the ACHS Band gave its spring concert in the auditorium. The handful of people in the audience enjoyed the concert immensely, I'm sure. However, there were more people on the stage than in the audience. The young people worked hard and were rightly proud of their organization - but lack of an audience put a damper on real quick. What a tragedy!!!

Mr. and Mrs. Wilbert Schaefer of Petite Lake celebrated their 25th anniversary recently. Over 100 people helped them celebrate the happy occasion - including out of town guests from Missouri, Chicago and Racine Wisconsin. Son Johnny came home from college and Branden and Susan were also on hand for the occasion.

The Antioch Fire Dept Water Fight Teams took their wives out to dinner Saturday nite. This is really a bribe, as the water-fight season is upon us, and the men don't pay much attention to their wives after that! Those who attended were: DICK & ROSE ENDRIES, BOB & JOANNE CUNNINGHAM, DENNIS & GAIL VOLLING, DALE & JUDY FRASCH, JERRY & PEG VAN PATTEN, JIM & ANN KREIGER, KEN & SHARON WATSON, and BERNIE & SHIRLEY GUTOWSKI.

The "traveling-dog house" that has been at the Volling residence for almost a year made the rounds that nite. Where will it end up next? The last name to appear on it was the original owner, DICK ENDRIES! Beware!

ANNIE MAE

announced that the annual Kindergarten tea will be held on Wednesday, May 10, 1972, at 1:00 p.m. in the school cafeteria. All kindergarten parents are invited with their kindergarten children to this orientation meeting.

"Most of the time the shortest distance between two points is under construction."

Channel Lake, Oakland, Antioch Kindergarten Registration

Kindergarten registration for the 1972-73 school year will be held in the Channel Lake Oakland and Antioch Grade Schools every day from 9:00 A.M. to 1:00 P.M. during the first week of May. To be eligible to register, the child must be five years old on or

before December 2, 1972. Either a birth certificate, a baptismal certificate or a hospital certificate must be presented at the time of registration.

The educational materials fee is \$10.00. However, if parents are unable to pay the

fee now, they are strongly urged to register the child and pay the fee later. It is very important that an accurate count of kindergartners be attained.

Annual Twins Childrens Clothing Exchange

The Lake County Mothers of Twins Club will meet April 20, 1972, at the Y.W.C.A. 445 North Genesee, Waukegan. The club will conduct its annual childrens clothing exchange which is open only to members. Each member is asked to mark the garments with the necessary information on one side and their name on the other side. Information on large items will be posted on a bulletin board. Refreshments will follow the business meeting and clothing exchange.

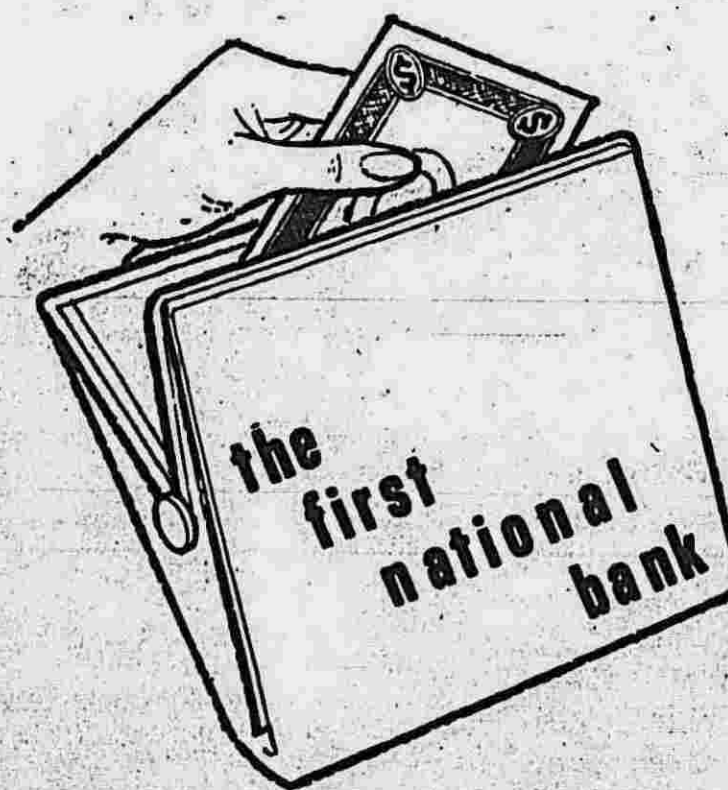

This was a sample of what the rains did to the northern part of Parkway Avenue on Sunday, April 16, 1972. Having lots of fun wading in the water are l to r; Paul Dugenske, Matt Glover, Andy Dugenske, Heather Kufalk, Sharon Pawlowski, and Eric Glover. Photo by Bob Glover.

JOHNSON-KUMLER

Christine Marie Johnson, daughter of Mr. and Mrs. Walter Johnson of rural Antioch, became the bride of Mr. Richard Lee Kumler, II, son of Mr. and Mrs. Richard L. Kumler of Bellflower, Illinois on March 25, 1972.

The Reverend Robert Younts of the United Methodist Church, Lake Villa, Illinois performed the 5:30 P.M. Candelight ceremony. Parts of the service were written by the couple. In addition to the regular vows, while facing each other and holding hands, the couple said special vows they had written.

Miss Debby Moutray of South Bend, Indiana was Maid of Honor and Mr. John Meyer of Dawson, Illinois was Best Man. Other attendants were Miss Karen Johnson, the bride's sister; Miss Kimberly Kumler, the groom's sister;

Miss Gayle Bethell, Alido, Ill.; Mr. Kevin Potts, Decatur, Ill.; Mr. Dean Naleway, Union, Illinois; Mr. Dan Carey, St. Louis, Mo.

The bride wore an a-line gown with matching mantilla, fashioned of white crepe having appliques of venice lace, beaded with seed pearls. High neckline, long full sleeves, empire silhouette. Mantilla, edged with venice lace was attached to a Juliet Cap adorned with venice lace and seed pearls. She carried a bouquet of white gardenias and yellow roses.

Following the ceremony a reception was held at the Holiday House in Holiday Park, Ingleside, Illinois.

The bride is a junior at Illinois Wesleyan University and the groom is a senior biology major at Wesleyan.

PM&L In Full

Rehearsal For New Production

PM & L's production of "Wait Until Dark" by Fredrick Knott is now in full rehearsal and will be presented on May 5, 6, 12, 13, 19 and 20 at the PM & L Theatre, 877 Main St., Antioch. Curtain time is 8:30 P.M.

Author Fredrick Knott also wrote the play and screen play for Dial M for Murder and is a master craftsman of mystery

drama.

Director Don Beveroth has chosen the following cast. Dena Fabry from Lindenhurst plays Susie Hendrix, the blind wife of Sam Hendrix acted by Nick Baldassano from Lake Villa. Gloria, a prying little girl is played by Susie Dyer from Antioch.

Manny Silverstein and Tony Aird from Round Lake Beach, and Don Beveroth from Paddock Lake, Wisconsin play the three slinking villains.

Reserve your tickets now by calling 395-9702.

SUNFLOWERS

Sunflowers will feed birds or poultry inexpensively, will also furnish a tall, temporary screen if that's what you need.

Large, heavy flower heads soon change to seed-filled heads and you'll have difficulty keeping birds away even before

you've harvested them.

Once you have cut them off the stems you can either hang an entire head in a tree and let the birds feast or you can remove seeds, dry them, store in metal containers and feed as needed.

"SUCCESS" spells Emmons Style Show

The Iron "Kettle was full" last Thursday night, April 13, as over 200 diners attended the Emmons Parents Club dinner/styeshow.

Following a lovely buffet, a spring fashion show was presented by THE RED DOOR of McHenry, Ill. and STANLEYS MEN'S FASHIONS of Antioch, with shoes presented by the SHOE BOX of Antioch.

The bright colors and lovely spring fashions made us all anxious for the nice weather to arrive. Models for the show were; Jan Hall, Ann Kakacek, Phyllis Lindquist, Ann St. Pierre, Dee Selak, George Hall,

Harry Lindgren, Steve Smouse, Leigh Porter, and Stanley Toton.

Generous donations by the merchants of Antioch made it possible for nearly everyone to leave with a newly won prize.

Special thanks should go to the committee Chairman, Jane Willems and her committee; Phyllis Kapischke and Sharon Lichter - Raffles; Diane Poulter and Jan Ranney - tickets; Joan Cilik and Phyllis Lindquist - publicity; and Arlette Duha and Mary Jo Lindgren - program; and all who helped to make the evening a huge success.

FAMILY REGISTRATION AT ST. PETER'S

FAMILY REGISTRATION for 1972-73 on April 22-23 (before or after the 5:30 Mass Saturday or Sunday between 7:30 A.M. and 1:30 P.M. in the Church Hall).

St. Peter Board of Education voted to charge a \$25 (non-refundable) registration fee, per family, for the 1972-73 school year, in lieu of a tuition raise. Tuition will remain at \$110 for one child, \$150 for two or more children. ALL FAMILIES MUST REGISTER. Registration forms WILL NOT be sent home through the school as was the custom in previous years. Certificates of birth and baptism (except those baptized at St. Peter's) must be presented for all first graders and new students. First graders must be 6 years old on or before December 1, 1972.

SALEM CHURCH

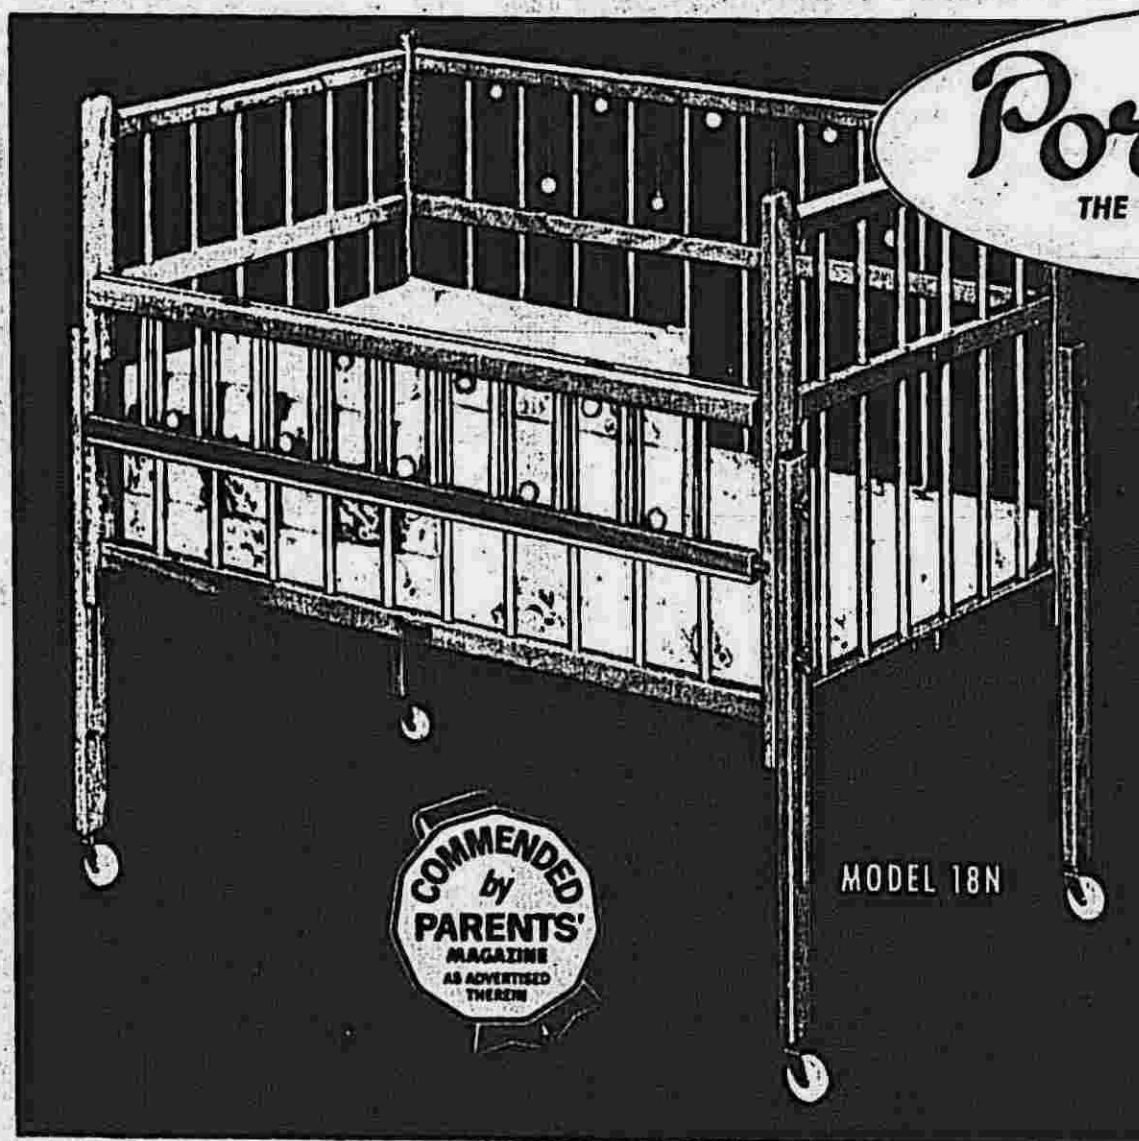

ANNUAL BEEF ROAST DINNER

The Salem United Methodist Church will be holding their Annual Roast Beef Dinner, sponsored by the Men's Club, on April 23 serving from 12:00 noon to 4:00 p.m.

The Church is located just west of highway 83 on 85th St. in Salem, Wisconsin. Tickets will be available at the door. Everyone is welcome to attend.

A Special Convenience for the Young Mother

4 Pieces of Nursery Furniture In One

Port-a-crib.
THE ORIGINAL PORTABLE CRIB

1. A crib
2. A play pen
3. An auto bed
4. A bassinet

You get four pieces of furniture in one handsome unit at the price of an old-fashioned crib alone. AND YOU GET A CUSTOM-BUILT, WET-PROOF MATTRESS, TOO!

Each Port-a-crib is sturdily built of selected hardwood. No protruding hardware, no sharp edges. Non-toxic natural or walnut finishes.

Port-a-crib is the registered trademark of Port-a-crib, Inc. No portable crib is a genuine Port-a-crib unless it carries this trademark.

LOOK AT ALL THESE Port-a-crib FEATURES

CONVERTS TO PLAY PEN
Patented slotted legs adjust to any height, permit conversion from crib to play pen quickly, easily.

HANDY DROP-SIDE
Drop-side makes baby care so easy... both at home and in the car.

DRESSING TABLE HEIGHT
Floor can be quickly and easily raised to new convenient level which eliminates stoop from baby care.

SETS UP IN AUTOS
Port-a-crib is ideal to take on trips. Makes a cozy, safe bed for baby in your car. Adds to travel pleasure.

FOLDS TO 6" WIDTH
Port-a-crib folds to 6 in. width for easy storage... in closet or car trunk. Perfect extra bed for baby guest.

EASY-CARE HEIGHT
Port-a-crib, by simple adjustment of legs, can be raised 6 1/2 inches above normal crib height.

SERVES AS BASSINET
Versatile Port-a-crib serves as an ideal bassinet beginning the day baby comes home.

ROLLS THRU DOORWAYS
Port-a-crib is so designed that it can be rolled from room to room without folding. 27" wide, 42" long.

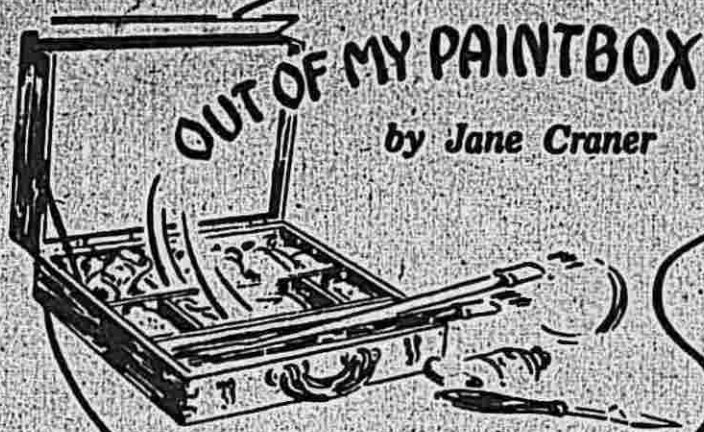

INFANT-CARE LEVEL
With legs at Easy-Care Height and floor at Dressing Table Height, you can care for your infant without stooping.

DRAWING PEOPLE. . . . There are four ways of drawing anything: 1. from imagination, 2. from memory, 3. from knowledge, and 4. from observation. Can you imagine what people look like? You really shouldn't, for if you let your imagination take over completely, all your people would look like they came from outer space. You might try to remember what people look like, but you will find your memory has limitations. In fact, your poor drawing of people stems from the fact that you do not know what they really look like. Perhaps your drawings lack some knowledge of anatomy. Many good anatomy books have been written just for the artist, showing the appearance of muscles and bones as they move under stress and strain. Worrying too much about perfect anatomy might take the fun out of drawing people and may even result in stiff unreal looking figures. The best way to learn to draw people is from

observation. In fact you should be able to draw people better than anything else because YOU are a person, and you have observed yourself and other people ever since you were able to see. Therefore use yourself as a model. "Feel" the pose you are trying to draw. Concentrate where all parts of your body are in relation to each other. Notice the stress and strain of certain muscles, and where the center of gravity is. Without a mirror is one way to concentrate on the pose, but posing with a mirror when possible helps you see more fully what the figure looks like. Try posing family and friends: they are usually very cooperative. Artist's wooden manikins are helpful, but they are restrictive in their movements. I recommend sketching store display manikins, for they never move and keep the same pose. It is pleasant to sketch outdoors on warm days sitting in front of display windows, if you can be oblivious to the gappers.

Improve your figure drawing by practicing details of parts of the body, for example hands in many positions. Try pages of eyes, ears, noses and mouths. Try different ages of people. You will gain confidence in drawing as you learn more of these detail parts, so that when you do draw the whole figure these details will not be stumbling blocks. It is practice, practice

and practice that makes perfect. Happy figure drawing. Suggested Reading: ANATOMY AND DRAWING by Victor Perard Antioch Township Library, No. 743.P Next Week: Drawing the Figure in Motion

LAKE COUNTY FIREMEN'S ASSOCIATION

The April meeting of the Lake County Firemen's Association will be hosted by Abbott Laboratories and held at Nick's Restaurant and Lounge at 1382 Sheridan Road in North Chicago on Monday, April 24, 1972, at 8:00 P.M. The guest speaker will be Chief

Harold Prohaska, Drill Master for the Chicago Fire Department.

Don't forget the county convention May 20th at Knollwood Industrial Park. Hope to see everybody there! Gerald Ehrhart

SIU WINTER TERM DEANS' LIST

The Winter term Deans' List for Southern Illinois University at Carbondale includes approximately one fifth of the undergraduate student body. Deans' List recognition is accorded to students who post 4.25 grade averages (5.0 is perfect) while taking at least 12 quarter hours of class work.

A total of 4,172 students were cited for academic performances during the winter quarter.

Those on the Deans' List from this area are: Steven Strang, Antioch; James M. Friis, Lindenhurst; Emilie Tagge and Thomas Tully of Lake Villa.

BOARD CUTS 9 FROM STAFF

Con't from Page 1

education program. Each would be cut, respectively by nearly 45%, 50% and 100%. Even though this proposed list of reductions had been pared down by \$40,000 from one submitted on March 28th, if the board should decide on it the district could still run \$50,000 in the red for the next year increasing their debt to nearly \$425,000.

A large crowd of spectators including most of the teaching staff were present at the meeting and voiced strong opinions on the

proposed cuts.

According to Guidance Counselor Lee Mieure, "Why not hit the people where it really hurts? Cut the varsity and sophomore sports." Mieure stated that a referendum would never pass unless "you get tough." At the conclusion of the meeting the school board noted that the program cuts were only proposed and not yet finalized. However, they did say that they would consider the dismissal of several other teachers in the future. Their next scheduled meeting is set for Wednesday, April 19th at 7:30 P.M.

Walsh's All Seasons

american legion auxiliary news

Some fifty Juniors and ten senior members of the 10th District American Legion Auxiliary will be at the Holiday Inn East in Springfield, Illinois, on April 29th and 30th, for their annual Department Junior Conference. Approximately 800 Juniors are expected to be in attendance.

There will be a state Junior leadership training course, held Saturday evening from 7:00 to 10:00 p.m., at the Inn. A heated indoor swimming pool is available for recreation, also.

The Conference starts with registration from 8:30 a.m. to noon. Two Juniors from 10th District have been honored by appointments for the Conference. Wendi Dorn of Mundelein will be the membership award chairman; and Susan Rathmann of Antioch is the registration chairman for the "Parade of Toys". The Juniors bring new toys or toys in good condition that will be given to the mentally and physically handicapped children in state children's schools.

All the many entries in the various program contests will be judged that day, and the honors conferred on the winning contestants. The Sharvin Unit Juniors "Red Jacket Choir" of North Chicago, will enter the choral competition for their third year. They were first place in the state the last two years, and second place, nationally in 1971.

A presentation of checks to the "FOR AMERICA SEMINAR" at Valley Forge, Pa. will be made. It is the goal of all the Juniors, statewide, to raise the \$500.00 necessary to sponsor a political science teacher to this seminar. The money earned is by the Junior's own efforts.

"Miss Illinois Poppy" and "Little Miss Illinois Poppy" entrants will participate in parade competition in the morning session. Poppy hats, poppy corsages and poppy centerpieces will be judged, as well as poppy posters and the new poppy publicity press book contest.

Mrs. Ray Rathmann, Antioch, district Junior

activities chairman, states that prizes will be awarded the winners in the various contest programs. Americanism Picture Book; Children and Youth group projects on the American Indians; Junior publicity, history and Book of Prayers; Foreign Relations, Rehabilitation, etc. The conference will be concluded at 3:30 p.m.

At the April 12th meeting of the 10th District American Legion Auxiliary, held at the Lake Zurich American Legion Home; State President Mrs. Firman Hendricks of Cerro Gordo, was the guest of honor and featured speaker. She spoke of the four major programs of the American Legion Auxiliary - Americanism, Children and Youth, National Security and Rehabilitation; and how all their other programs were related to these four main objectives.

\$25.00 U. S. Savings Bonds were presented the winners of the district Americanism essay contest. They were Mary Ann Fitzsimmons of Lake Zurich, Class I; Gail Gerhardt, Class II; and Nan Fahling, Class III, the last two named from Libertyville.

In the poppy contests, the winning contestants were Mrs. Richard Stastny, Mundelein, Poppy Hat; Mrs. Vivian Ottzel, Poppy Corsage; and Mrs. Joan Sawyer, Poppy Centerpiece, both from Highland Park. The District Legion officers served as the judges.

Mrs. Paul Austin of Waukegan, district music chairmah, states that there will be a state music contest, to be held at the Sherman Hotel in Chicago, during the Department Convention in early July. The exact time and place will be announced later. There will be competition for Junior and Senior groups, separately, as well as mixed groups of both Junior and Senior groups, in state and national competition. The four categories of choral singing are those of trios, quartettes, sextettes and choruses. There will be large cash awards for first and second place winners. The state winners are then eligible for national

competition.

District Commander Roy Lundsten of Wauconda brought greetings from the 10th District American Legion, and extended an invitation to the Auxiliary members for their district meeting, to be held Friday, April 21st, at the Mundelein American Legion Home, at 8:00 p.m., when they will be honoring their past district commanders.

Representing the Antioch Auxiliary was President Mrs. John W. Horan, 2nd Division Acting President Mrs. Ray Rathmann, Mrs. Sam Pettigrew, 10th District Historian William Dowden and Mrs. Dowden.

Social Notes

by: Del Jahneke

The Brownies of Girl Scout Troop No. 185 and their leaders, Mrs. Deanna Dahlberg and Mrs. Fran Zajac, wish to publicly say a special "THANK YOU" to Mrs. Harry Smith for all her hard work as cookie chairman. Another very special THANKS goes to the First National Bank of Antioch, their sponsor, who bought a Brownie and an American Flag, with the two staffs and two stands, for their troop. BROWNIE TROOP No. 185 IS A GRATEFUL GROUP!

"WALK WORTHY" will be the theme of the Mother and Daughter Banquet, to be held on Friday, April 28th, at 6:30 P.M. at the Antioch Evangelical Free Church. Many ladies are busily making preparations for this always delicious dinner, and lovely and inspiring program afterwards, under the general chairmanship of Mrs. Alan Knutesen. Mrs. David Knudsen is food chairman; Mrs. Robert Brant, the decorations chairman; and Mrs. Deitrick Kiemle and Mrs. Alfred Ames, program chairmen. Mrs. Billie Keiser of Chicago will do an impersonation of Ruth, in the biblical "Story of Ruth". Michelle Ord of Zion will provide special musical selections on the clarinet. This young girl is a state winner with her clarinet playing. The AWANA girls will be performing in a little skit, as well as participating in other phases of the evening's entertainment. Tickets can be obtained from Mrs. Nancy Weldin. Don't delay getting your reservation - this is too nice an affair to miss!

Ralph Horan, son of the John W. Horan's, left O'Hare Airport on April 13th, to fly to Fort Ord, California, where he will get his basic training in the national guard. He will go from there to Fort Sill, Oklahoma, to receive extra schooling. GOOD LUCK, RALPH!

The Karl Heuer's of Gurnee were "surprise guests" of the senior Ed Jahneke's, Beach Grove, Saturday night. T'was a pleasant evening, with lots of reminiscing!

CONGRATULATIONS ARE IN ORDER FOR THE AWANA TEAMS OF THE ANTIOCH EVANGELICAL FREE CHURCH! They took part in relay races of various kinds against Fox Lake and Round Lake, held at the Lake Zurich High School, April 15th. The AWANA girls "Chums" and "Guards" won first place; and the AWANA Boys "Pioneers" were also first. The Fox Lake "Pals" were the other first place winners. Mr. and Mrs. Robert

Lillian Burnette presents new outdoor flag donated to the Upper Grade Center by the Sequoit Auxiliary V.F.W. to eighth grade student, Robin Hunley. Custodian, Carl Leatherberry looks on. (Staff Photo)

Brant are the AWANA boys and girls leaders.

Royal Neighbors Hold Annual Officers Dinner

The Royal Neighbors Olson Camp No. 459 held their Annual Officers Dinner on April 11, 1972.

All officers and friends enjoyed a delicious dinner served by Laverne Catering

Service of Silver Lake. Afterwards cards were played.

A short meeting was held and a rummage sale is in the making.

Plans were made to hold the rummage sale on May 12 and 13th, in the American Legion Hall on Ida Avenue.

Hostesses for the month of April are Alice Fritsch and Nancy Thayer.

The next meeting of the Royal Neighbors will be held on April 25th at 7:30 P.M. sharp.

EPISCOPAL CHURCHWOMEN

TO HOLD CONVENTION

"Personality Development and Attitude Change" is the theme of the 88th Annual Convention of the Episcopal Churchwomen, Diocese of Chicago, to be held May 4-5 at Brown's Lake Resort, Burlington, Wisconsin.

A husband-wife team, Mr. and Mrs. Ronald DelBene of Tampa, Florida, will lead the program. both hold M.A. degrees from Marquette University, and are experienced and innovative educators. Mr. DelBene is a nationally known consultant on religious education, whose clients include the U.S. Catholic Conference. "Our work is aimed at helping people discover the unlimited potential of themselves and others," Mrs. DelBene said.

The Rt. Rev. James W. Montgomery, Bishop of Chicago, will celebrate Holy Communion following Thursday afternoon's session,

SEQUOIT AUXILIARY ELECTS NEW OFFICERS

At a regular meeting of the Sequoit Auxiliary V.F.W. 4551 held on April 10th officers were elected for 1972-73 as follows:

President, Ida Wysoglad; Secretary, Olive Hallwas; Treasurer, Lillian Burnette; Sr. Vice President, Laura Swanson; Chaplain, Shirley White; Guard, Florence Morin;

Conductress, Myra Randall; 3 year Trustee, Barbara Mitchell.

Other business was a donation made to National Headquarters for Cancer, Department of Illinois, for cancer and our own local chapter for cancer. A donation to Downey Hospital for Canteen Books.

April 20th at 7:30 p.m. was the date set for completing all committee chairman reports. The meeting will be held at the home of President, Ellen Flint.

The investigating committee of Olive Hallwas, Kate Verkest, and Lillian Burnette reported on membership application of Ann Gialds. Balloting found her favorable and she will be installed into the auxiliary on May 8th.

Refreshments were served by Lillian Burnette and enjoyed by all.

and also install newly-elected officers. Delegates will choose a president-elect to succeed Mrs. George Alderson, 2627 W. Leland, Chicago, whose three-year term as president ends next spring. Also to be elected are a vice-president, four members of the Diocesan Board, and chairmen for Aurora, Joliet, Kankakee and Waukegan deaneries.

About 250 delegates, clergy and other guests are expected, reported the Convention Chairman, Mrs. Fred G. Cappetta, 7436 South Shore Drive, Chicago.

The Chicago Diocese of the Episcopal Church serves the northern third of Illinois.

Dismissed Teacher Lists Job Prospects as "Rough"

The budget and program cuts at the high school have drawn a deluge of different opinions and statements. However, while frustrated tax payers ponder their tax bills, there are sixteen teachers who are taking a long hard look at their profession and their future.

One of these teachers who is taking a baleful look and who may not be rehired for next year is Peter Pekkarinen. Pekkarinen is a mathematics instructor completing his second year and so, without tenure was one of those dismissed.

"It's going to be very rough for the teachers (not rehired) to find jobs," Pekkarinen said. "I know the French teacher that was not rehired - and she's known about it for quite a while - has been looking for months now and hasn't been offered anything. The schools have been cutting back in Language and there are a lot of teachers competing for the jobs. I guess they consider it one of the 'frills', but it all adds up to a balanced educational program."

"Personally, I've looked into a position with a consulting firm, but I want to stay in education if its at all possible."

Speaking on the topic of budget cuts in extra curricular activities, Pekkarinen flatly stated "it will really hurt the students."

"Education isn't only the 'three R's,' these activities mean a lot to the students and do a lot to make them secure in society," he said. "By that I mean giving them a hope of interacting and dealing in the world outside the classroom."

"I always seem to get involved in an argument when I talk with people on this point."

They say they took only the three R's and 'got along'. Well, that's probably just what they did - just got along."

"I've heard that since we cut the budget by \$100,000 last year there has been an increase of dropouts. While you can't be sure this is a direct result of the cuts, there is a good case that this may be true."

When asked about the

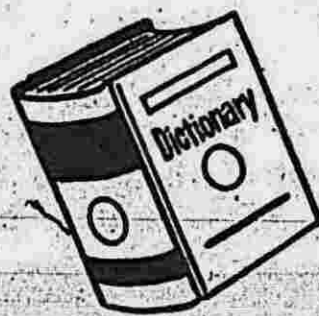

resignation of district superintendent Albert Dittman, Pekkarinen said, "I don't blame the man at all. He's been here twenty years and all the programs, the classes, and the buildings are his. I don't think he, or any man could stay around and watch it fall apart." He further noted that he thought a lot of long time administrators would be leaving. "The pressure is just too great," he said.

Regarding the financing of schools, Pekkarinen said he thought the current method was inadequate. "I can understand the position of elderly people and people on fixed incomes," he said. "The tax for this is so much per \$100 of assessed valuation, the price for another is this much and so on. With these costs rising and their incomes remaining the same, these people are in a real bind. They just can't do it."

"I think financing will have to be handled by the federal government. I, personally, don't know the way they could do it, but the current method certainly isn't working. They might set a tax percent figure that would go directly to the schools from income taxes. That's the way the State income tax was set up, but it never came out."

"Another way," he continued "might be to change to the unit system. There are some similar services that could be combined. I know that here, the grade school and the high school have business offices that could be consolidated at a central site. It would mean letting some people go, but people are interested in saving money these days."

Pekkarinen had much more to say about the current school crisis, but throughout there was the unmistakable impression that you were talking with a professional that could go beyond his own personal situation and look at the very core of the problem.

SEQUOIT SMOKE Signals

Well school is still in progress even though a lot of kids had to swim to get here. Maybe we better start building an ark!

The TRACK team started out the season right when they brought home 3rd place in a meet with five other schools at Waukegan. PAT MICHELAK captured first place in the high jump and BOB BECVAR got a first in the low hurdles. Superman MARK ANDREWS jumped 19 ft. 10 in. in the long jump to tie the previous record in that event which was made by Tyrone Walls. Talk about a great leap forward!!! On the sophomore level, Bob Bailey did a good job adding three firsts to the team total.

The BASEBALL team kind of struck out in their first home game against Warren last Tuesday. Maybe it was the artificial turf. (Ha Ha)

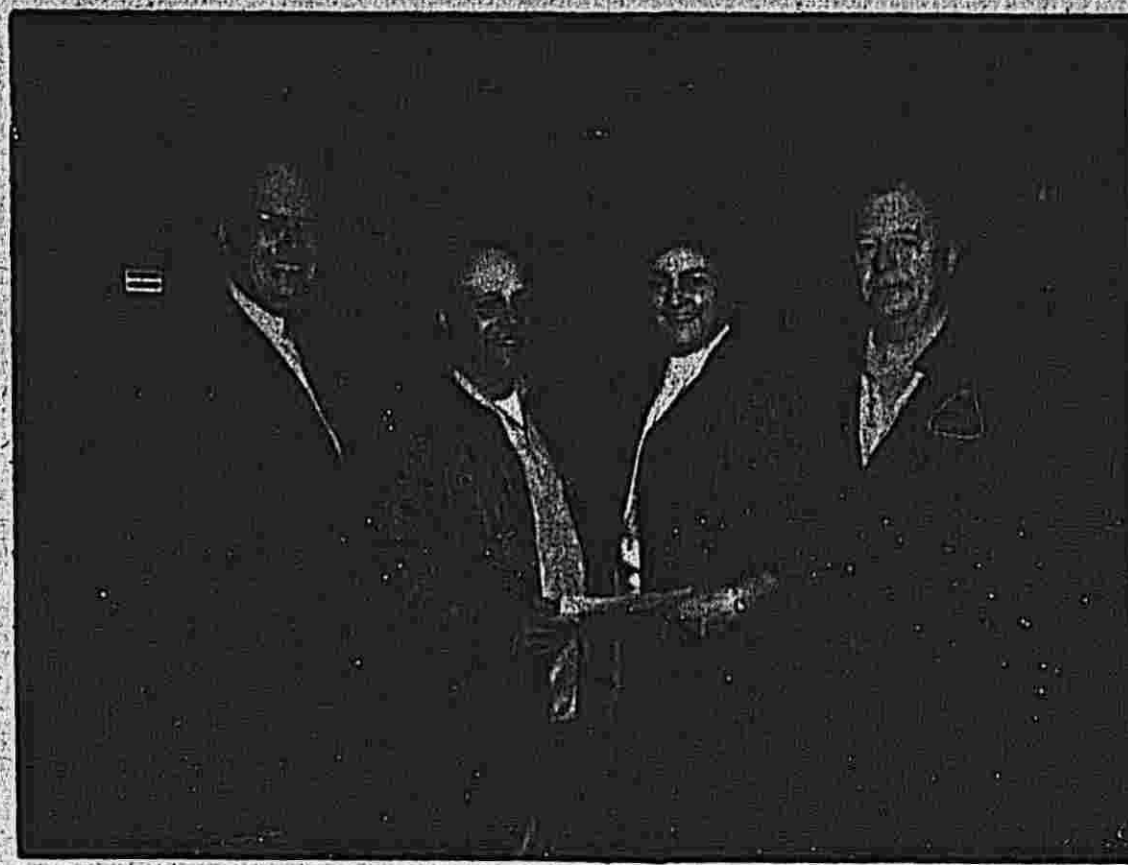

The BAND concert Friday

night was a real "smash" wasn't it boys! At contest the next day, though, the band received a second place for their performance. Congratulations.

PATTI PAGE's super star GAA basketball team will take on the ALL STAR team in a championship game this week. Patti's team made it through the whole season without a single loss so it should be a real match. "GAA STORYBOOK" is the theme for this year's banquet which will be held April 29. Be sure to sign up so you can be seated where you want.

Don't forget to be fitted for your tuxedos this week. There are seven schools in this area having Prom the same day as ours so if you want to be sure to have one do it now! Also, don't forget to attend the Spring musical "Of Thee I Sing" this weekend, Friday night or Saturday night or both.

See ya next week,
Barb

BUSINESS DOES CARE - Area Scouts will learn about nature because the State Bank of Antioch and the Northern Illinois conservation Club are jointly sponsoring the 1972 Kettle Moraine Exploration on April 22. Originated by founding-member Dick Waters, this years trip is being supported by the State Bank in the form of a check for \$200. Club President Ernie DiLabio hands check to treasurer Jean Rockow as William Brook of State Bank (left) and Charles Rayman, executive vice president, looks on approvingly.

CHARLENE HAUBER RECEIVES DEGREE

Mid year graduates were up slightly more than 16 per cent at Northern Illinois University. A total of 1,442 students completed their degree requirements at the end of the 1971-72 academic year's first semester.

The 991 undergraduate and 451 graduate degrees will be conferred officially on June 3 at Northern's 73rd annual commencement. NIU does not hold mid-year commencement ceremonies.

This mid year graduate total represented 206 more students

than the 1,236 who completed degree requirements in January, 1971, that's a 16.6 per cent increase.

Undergraduate degrees awarded by Northern's four colleges totaled: Business, 221; Education, 306; Fine and Applied Arts, 115, and Liberal Arts and Sciences, 349. Total graduate numbers were up in each college from 1971.

Charlene Janice Hauber of Lake Villa, Illinois received a Bachelor of Science in Education degree.

Women of the Moose

The Membership chapter night program was called to order on Thursday, April 6th.

The Committee Chairman, Stephanie Polson, introduced her committee and then introduced her guest speaker Jane Craner. Mrs. Craner gave a very interesting talk on her trip to Europe as an art student. She showed the chapter some of her paintings and sketches she did while she was there.

Mrs. Craner also showed some of the slides she took of Europe.

The chapter also enrolled two new members. Stephanie Polson sponsored both Alice Sanderson and Shirley Baumel.

Donna Nettles and Stella Elwood received their pins for attending three consecutive meetings.

The next meeting will be a business meeting on Thursday, April 20 at 8:00 P.M.

WM R MATTSON PROMOTED

William R. Mattson Jr. has been promoted to manager of financial analysis in the pharmaceutical products division of Abbott Laboratories.

Mattson, 25, joined Abbott in 1970 as a financial planning analyst. In 1971, he was named senior financial analyst.

He holds a bachelor's degree in accounting from Bradley University, and is currently studying for a master's degree in business administration at Loyola University.

Mattson, his wife Carol and their son live at 2118 Burr Oak Lane, Lindenhurst, Illinois.

Lake County Underwriters Conference At Wagon Wheel

The Lake County Life Underwriters Association will hold their April meeting in conjunction with the Rockford Association of Life Underwriters at a Sales Conference on Friday, April 21, 1972.

The meeting will be held at the Wagon Wheel Lodge, Viking Hall, Rockton, Illinois. Registration time is 8:30 a.m.

The Board of Directors would like everyone to attend. To encourage this attendance, they have voted to pay the

entire fee, including lunch. You must provide your own transportation. Tickets bought at the door will cost an additional \$1. For the members who wish to take friends or associates who are non-members of the Lake County Life Underwriters Association, you may save the extra \$1.00 by purchasing tickets now from Martin K. Simonian, by April 17. Tickets in advance are \$6.00; \$7.00 at the door.

Stephen L. Doty To Speak At ACHS

Stephen L. Doty, Associate Director of the Tri-County Division of the Illinois Association of School Boards, will be the guest speaker at the

Annual Elementary/High School Board Member and Administration Dinner Meeting scheduled for Wednesday, April 26, 1972 at 7:00 P.M. in the Antioch Community High School Cafeteria.

Mr. Doty will speak on the topic "Changing Relationships Between Boards, Teachers, and Administrators".

Prior to Mr. Doty's appointment as Associate Director of the Illinois Association of School Boards, he owned and operated a clothing business at Lawrenceville, Illinois, and served on the Lawrenceville Board of Education for 18 years of which were spent as President.

Zion Passion Plays

For the past 37 years the dramatization of the Easter Story has been a focal point of activity in the city of Zion, Illinois. It all started as an ingenious Easter program, presented in the old Shiloh Tabernacle that had been erected at the turn of the century, when John Alexander Dowie pioneered the religious community. The 8000 seat wooden tabernacle had been remodeled, and what had been thought of as a three-time presentation, developed into a demanding program, closing its first year's run with 29 performances. Almost 100,000 people witnessed what became known as "The Oberammergau of America."

It was promoted to be an annual program, and in order to make the play more authentic, the Author-Producer, the Rev. Jabez Taylor, was sent to the Holy Land to become better acquainted with the Biblical atmosphere. He took photographs, made sketches and purchased artifacts, so that in the years to come the play would be as authentic as possible to the Biblical account. In 1936 and 1937 improvements were made, but the work almost came to a halt when Shiloh Tabernacle was destroyed by an incendiary fire. However, the producer and his backers met the challenge with a radio version being presented over WBBM. For the next three weeks a cast

of more than 250 men, women and children were transported to the Chicago Civic Opera Building to present an enlarged version of the play on the legitimate stage. This was a valuable experience, but because of transportation and additional expense, the activity had to stop.

Plans were then developed for a new auditorium with a stage that was primarily to be used as the Sanctuary for the Christian Catholic Church, for civic programs, and then for rehearsal and presentation of a great spectacular - the Zion Passion Play!

For the next twenty years during the Easter Season, thousands found inspiration and blessing as they viewed this great Biblical drama. Disaster struck again on the 11th of

1959, when fire destroyed the Zion Auditorium, but not before costumes and many props were saved by heroic volunteers. Not to be defeated, Rev. Taylor quickly planned an outdoor production, and during the month of June that year, the Passion Play was again in production. The play was successful in many ways and the realism of the outdoors added much to the beauty of it. However, because of the intensity of the sun during the afternoon performance, and the lack of convenient facilities, the play closed for the year.

The year 1960 brought a new idea to the cast of the Passion Play when 31 members found excitement and enjoyment in an itinerary covering five different Passion Plays in Europe: the Erl in Austria; the Oberammergau in Germany; Eisendeln in Switzerland; Venlo in Holland; and the York Myster Plays in England. Seeing these productions gave the cast a greater impetus to revive the Zion Passion Play. Renting the new Auditorium built that year at the West Campus High School in Waukegan, Illinois, Zion Passion Play began a new schedule. For seven years the cast along with the various props and costumes was transported weekly through the three-month schedule.

As the years went by, there was an agitated desire to bring the Passion Play back to Zion. At the close of the 1968 season, Rev. Taylor developed the idea of having an outdoor amphitheatre where the Zion Passion Play could have

another permanent home. An ideal location was found to the west of the new gymnasium which had been built adjoining the Sanctuary of the Christian Catholic Church, located in the center of Zion and surrounded by Dowie Memorial Drive. A 100-foot stage was built, embracing two 25-foot turntables to assist in changing the scenery from a two-minute auditorium schedule to 15 seconds - thus making the production a shortened and continuous performance. Two 25-foot elevated stages on either side took care of "The Last Supper" scene, the "Nicodemus" and "Judas Remorse" scenes. With growing trees in Joseph's Garden, and many other real props, the new staging has brought life and realism to the play that never was accomplished in the interior schedule.

Although at the present time there is no cover over the 1,200 seat amphitheatre, footings are in place for complete protection from the weather. Because weather conditions are not always favorable in northern Illinois until July and August, the schedule of performances is set for Fridays and Sundays at 8:00 p.m. curtain time during these months. Elaborate sound system makes it possible for all to hear with realistic clarity, as the audience sits in comfortable, form-fitting, individual chairs. It is advisable for the audience to dress appropriately according to the weather. Rain checks are presented for later performances, or refunds made in case of rain. Groups are notified if telephone numbers are available.

More than 150 men, women and children relive the great Biblical scenes of the Ministry, Passion, Crucifixion, and Ascension of Jesus Christ, with dedication and love for telling the Gospel Story of Salvation! The text, using the King James Version, has no doctrinal emphasis and is endorsed by all evangelical denominations.

Reserved seat prices are set at \$2.00 for adults; \$1.25 for those of school age; box seats (first five rows) \$2.50. For groups of 20 or more, a 10% discount is allowed on advance purchase. Reservations should be made as soon as possible for preferred seats.

Write or call Zion Passion Play, Dowie Memorial Drive, Zion, Illinois 60099. Telephone 312-746-1411.

FOOD FROM VENDING MACHINES

One of today's phenomena is the vending machine. It's estimated that nationwide there are over 5 million such machines in use. They are "silent salesmen" ready day or night to sell their products to you.

How popular are vending machines? It's said that people all over this nation drop nearly 200 million coins into vending machines every 24 hours. That's about 139,000 coins a minute, or 2,300 every second.

Machines Influence How We Eat

It's obvious to us all that vending machines have become increasingly involved in what the nation eats - and how it eats. What this means is the vendor has a responsibility to offer a balance of foods. And the consumer as always owes it to himself to choose wisely what he eats. There's no question that both the consumer and the vendor have a long way to go. But improvement is constant. You can, for example, meet the requirements of balanced four-food-group eating quite easily.

Take lunch at work: If you choose, say, a meat or cheese sandwich, plus hot vegetable soup and milk, you've done it. You've chosen from the meat or so-called protein group, the milk group, fruits and vegetables, and breads and cereals. Incidentally, did you know that vending machines indicate milk's popularity? Annual statistics say that more than 84,000 vending machines

are in operation just dispensing milk. And on the average these machines each sell 230 half-pints of milk per week, or a total of almost 1 billion half-pints per year.

But vending machines, I have discovered, are not all that new. As early as 215 B.C., worshipers in temples could get holy water by dropping in five drachmas (a drachma today is worth about 74 cents). In 1615, coin-operated tobacco boxes appeared in English pubs. After a coin was inserted, the lid opened and the patron helped himself to a pipeful of tobacco. The real beginning of vending machines in this country was in 1888 when Thomas Adams installed tutti-frutti gum machines on the platforms of New York City's elevated trains. This prompted the vending of candy, nuts, and other items.

Refrigeration The Key

The perfection of refrigeration in the 1930's opened up new markets for milk, ice cream and soft drinks. Dispensing of hot food that is appetizing and nutritious soon followed. The list of foods now available from vending machines is long indeed. It includes hot and cold sandwiches, salads, soups, hot and cold drinks, (including milk), desserts such as ice cream and pies, fruits, nuts, sweet rolls, popcorn - you name it.

But remember, it's up to you to make sensible selections.

Congressman McClory Named Chairman of IPU Committee

At the recent meeting of the Inter-Parliamentary Union in Yaounde, Cameroon, Congressman Robert McClory (12th Dist. ILL.), Member of the U. S. Delegation was named Chairman of the Union's Educational, Scientific, and Cultural Committee.

The 12th District Congressman's election came by acclamation after support was evidenced by several African and Eastern European nations combined with general backing of delegates from Western Europe.

Congressman McClory's election to the chairmanship of one of the Union's four committees marks a "first" in recent American participation in the 68-nation Inter-Parliamentary Union,

established originally in 1889.

In connection with chairing this PIU Committee which cooperates closely with UNESCO, Mr. McClory will be involved in the forthcoming conference on the Human Environment to be held under UN auspices in Stockholm, Sweden, in June.

The recent IPU Conference in Cameroon was opened by the Cameroonian President, Ahmadou Ahidjo, and was attended by some 500 parliamentary representatives from nations throughout the world. The current President of the IPU is Andre Chandernagor, a Member of the French National Assembly. The Union maintains a permanent Secretariat in Geneva, Switzerland.

Don't forget to go and see the High School Spring production this Friday and Saturday evening at 8:00 P.M. "Of Thee I Sing" will be presented by students in the Fine Arts department under the direction of Mr. Ken Smouse. Tickets are available at the door if you don't already have yours. Adults - \$1.50 and Students \$.75. (Staff Photo)

Helpful Hints

To give cakes the delicious flavor of butter inside and out, use butter in the recipe, of course, but also butter the cake pans before dusting them with flour. Even the crust will be butter flavored.

with butter and milk and return to the shell. Top with shredded cheese and cool. Wrap and freeze for a busy day dinner. Unwrap before reheating.

Gourmet cooking can be as simple as opening a jar. Herbs and spices add infinite variety to your favorite recipes. Sprinkle basil on lamb chops, simmer a bay leaf in meat stew. Oregano adds a touch of Italy to tomato dishes, try turmeric on scrambled eggs and seafood salads. Tangy caraway seed goes with cabbage so add some to cole slaw or sauerkraut. Sage adds a special touch to poultry dressing, thyme to chicken stews and casseroles.

Baking potatoes for dinner tonight? Bake a few extra then scoop out the centers, mash

When storing dairy sour cream, turn the carton upside down in the refrigerator to prevent air from entering the carton. Sour cream will last flavorfully for four to five days when stored in this manner.

A bride's special kind of beauty is something wonderful to see! On this brief but world changing day, she glows, sparkles, radiates a kind of warmth and gladness never seen before, never to be exactly the same again.

It is beauty that must be captured in the finest professional portrait possible; the first of many beauty milestones for portraits.

If you soon will become a "Mrs." arrange for the once-in-a-lifetime portrait now.

IT'S LATER THAN YOU THINK!

NOTICE OF SPECIAL ELECTION School District Number 36 Lake County, Illinois

NOTICE is hereby given that on Saturday, the 3rd day of June, 1972, a special election will be held in and for School District Number 36, Lake County, Illinois, for the purpose of voting on the following proposition:

1. Shall the Board of Education of School District Number 36, Lake County, Illinois, build and equip an addition to and alter, repair and equip the present school building now owned and used by the District for school purposes and commonly known as the "Grass Lake School Building", and to pay the cost thereof issue bonds of said District to the amount of Two Hundred Ninety-five Thousand Dollars (\$295,000)?

2. Shall the maximum annual tax rate for the building fund of School District Number 36, Lake County, Illinois, be increased and established at .55 per cent on the full, fair cash value of taxable property as equalized or assessed by the Department of Local Government Affairs instead of .25 per cent, the maximum rate otherwise applicable to the next taxes to be extended for said purpose?

(a) The approximate amount of building taxes extendible under the maximum rate now in force in said School District is \$19,936.60.

(b) The approximate amount of building taxes extendible under the proposed increased rate is the sum of \$43,860.52.

That for the purpose of said election said entire School District constitutes a single voting precinct and the polling place designated for said election is as follows:

Grass Lake School Building
Lake County, Illinois

The polls at said election will be opened at twelve o'clock Noon and will be closed at seven o'clock P.M. on said day.

By order of the Board of Education of School District Number 36, Lake County, Illinois.

DATED this 11th day of April, 1972.

Lawrence Yopp
President, Board of
Education of School
District Number 36, Lake
County, Illinois.

Marilyn Haling
Secretary, Board of Education
of School District Number 36,
Lake County, Illinois.

April 19, 1972

Mom, here's mealtime magic for early spring suppers. This Chicken-Asparagus Casserole will satisfy the family after a day of outdoor activity. Tender fresh asparagus and chunks of chicken are blended with mushroom soup for a savory base. The corn bread topping, made with a dependable, time-saving corn muffin mix, adds complementary flavor.

CHICKEN-ASPARAGUS CASSEROLE

Makes 6 servings

Base:
1 lb. fresh asparagus,
cut into 1-inch pieces
OR
One 10-oz. pkg. frozen
asparagus, thawed and
cut into 1-inch pieces
2½ cups chopped cooked
chicken
One 10½-oz. can condensed
cream of mushroom soup

¾ cup milk
½ teaspoon salt
½ teaspoon marjoram

Topping:
One 12-oz. pkg. Flako
Corn Muffin Mix
1 egg
¾ cup milk

Heat oven to hot (400°F.). If using fresh asparagus, slightly saute asparagus in 2 tablespoons butter or margarine. For base, combine asparagus, chicken, mushroom soup, milk, salt and marjoram in 2-qt. casserole. Bake in preheated oven (400°F.) about 12 minutes, or until mixture bubbles.

For topping, empty contents of muffin mix package into bowl. Add egg and milk. Blend only until dry ingredients are thoroughly moistened. (Batter should be slightly lumpy.) Spread over hot chicken mixture. Bake in preheated oven (400°F.) about 30 minutes or until topping is golden brown.

THE
TRUTH
THAT HEALS

National Vocation Sunday

On Sunday, April 23, the Catholic Church in the United States will observe National Vocation Sunday. In accordance with this observance the Vocation Office of Vicariate One in the Archdiocese of Chicago, which includes all of Lake County

and the far northwest section of Cook County, will hold a collage contest for all the catholic children of the Vicariate from 5th thru eighth grade under the sponsorship of the "Shepherds".

The Shepherds are a group of laymen associated with the Vocation Office who have banded together for the primary purpose of seeking out and encouraging young men to serve God and their fellow man in a religious vocation.

The theme of the collage contest is "Why we need priests". There is a shepherd assigned to every parish who will conduct the contest on a parish level. He will pick three judges who in turn will pick a parish winner. The winner in every parish will then bring the winning collage to the office of St. Mary of the Lake Seminary in Mundelein, Illinois before May 20 where the best collage in the Vicariate will be picked for a \$50.00 prize.

The Vocation Office of the Vicariate under the Direction of Father Eugene L. Keusal from St. Peter Parish in Antioch holds a Vocation day on the third Saturday of each

month where a group of boys called Searchers are able to deepen any interest they might have in the priesthood. The day usually consists of liturgy, lunch and recreation.

Anyone interested in the contest, the Shepherds or the Searchers may contact their parish priest or the Vocation Office, 557 Lake St., Antioch, Illinois.

Jesus Rally - April 20th

The April 20 Jesus Rally is expected to attract 10,000 persons to Arie Crown Theater at McCormick Place. Identical programs at 7 P.M. and 9 P.M. feature Duane Pederson, publisher of the "Hollywood Free Paper", and a leader of the Jesus Movement.

Pederson, a former professional entertainer, is credited with having originated the term "Jesus People", shortly after he published the first edition of his Christian underground newspaper in the fall of 1969. With the Jesus Movement becoming a national phenomenon, thousands of Americans now identify themselves as Jesus People.

The monthly Jesus Rallies at McCormick Place are sponsored by Chicagoland Christian Center. Bob Schroy, director of the center, anticipates that again Thursday evening, as at the March 9 Pat Boone Jesus Rally, people of all ages from throughout the Chicago area and several states, and from every conceivable religious background will twice fill Arie Crown Theater.

Also participating in the Arie Crown Jesus Rally is the popular folk-singing duo "Steve and Maria". Both 7 P.M. and 9 P.M. rallies are open to the public without admission charge. For further information contact Chicagoland Christian Center at 397-7115.

LOOKING

FOR A

\$50,000 JOB

There are not too many jobs paying \$50,000 but there are lots of businesses that do.

One of them is ours, and we are a four year old national company, offering patented, unique products and services (Closed Circuit TV, A-V and Film Production) in a 20-billion dollar plus, growth industry.

DO NOT APPLY UNLESS:

1. You desire and believe \$50,000 a year and up can be made.
2. You have \$5,985.50 to \$18,803.00 to invest now, in your own, local one to five county wide, factory established communications network.
3. You want a business that does not require salesmen or any other employees besides yourself.
4. You are willing to participate in a two week Factory Training Program to be conducted at the Home Office and in your own territory, which will qualify you to take over and operate your own Factory Established Local Business.

FOR SPECIFIC DETAILS:

Write to COMMUNICATION INDUSTRIES OF AMERICA, INC., P.O. Box 10708, Tampa, Fla. 33609, giving full details of your financial capacity and income requirements.

Mrs. Jane Craner, Antioch High School art teacher, stands beside the first place ribbon winner - a nylon macrame horse bridle - made by Janet Crichton. This was the second annual Art Fair held by the Antioch High School P.T.A. (Staff Photo)

P.T.A. holds Art Fair

The Antioch High School P.T.A. held their second annual Art Fair in the school's Commons Area on Wednesday, April 12th.

The exhibit produced a number of unusual entries. Bones, old bottles and jars, shells, weeds, butterfly wings, wood scraps, pebbles and other cast off items were only a few of the many unusual materials which were used to produce these works of art.

Mrs. Marian Prange, P.T.A. Chairman of the event, said that she was very pleased with the "wonderful cooperation of the students in setting up and participating in the event."

She explained that exhibits like this encourage students to go into art careers.

Mrs. Jane Craner, high school art teacher, presented awards to the winning projects and gave a short description of the difficulties students faced in creating them.

A first place ribbon went to Janet Crichton, for a horse bridle made from nylon macrame.

The second place ribbon was won by Chris Frankhause, for a pencil drawing of Sonny and Cher.

Louise Taylor was awarded the third place ribbon for her water color of a desert scene.

Honorable mention awards went to: Pat Runyard for a water color of birch trees and a pastel of oaks; Debbie Sczsney for a ceramic mug; Randi Franke for a sculptured paper swan; and Vance Holm for a plaque made of keys and foil.

Mrs. Craner urged the crowd to consider the necessity of making high school art a four year program. "Especially," she said "in light of the fact that with the advent of the four day work week, people will have more leisure time and could be able to use art as a therapeutic, as well as a lucrative diversion."

Finally, Mrs. Craner praised the Art Fair judges for their time and effort. They included Mr. L. Kontos and Miss Dianne Kretsch, art teachers from the Antioch Upper Grade School; Miss Cathy Craner, art instructor from Lake Zurich; and Mr. Charles Cobb, a local artist.

Grass Lake School Holds Science Fair

On Saturday, April 15, 1972 the Grass Lake School held their annual Science Fair under the direction of Mr. Earl Brumbaugh, science and math teacher at the school. A total of 31 projects were entered this year with the following students gaining honors as follows:

OUTSTANDING

Michael Vaughn, Scott Nohava, Kurt & Shelly Flint, Dean Kelly.

FIRST

Tim Lama, Ken Bloom, Gail Kelly, Bob Norton, Denise McLean, Mel Smith, Kathy Shkapich and Chris Azbielski, Chris Ament and Erich Belz, James Okrzesik, John Geiger, Jed Davis, Gary DiSilvestro, Rich Bailey, Kim Case, Vicky Zabielski, Grant Jorgensen, Patricia Mizar, Linda DiSilvestro, Jerry Gokey, Elizabeth Benes.

SECOND

Sheri Wojnowiak, Cindy Brown, Jack Wojnowiak, Julie Case, Velma Jorgensen, Gloria Madden, David Quirk.

THIRD

Ron Pedersen, Steve Barker,

Debbie Lama.

Presentation of awards for the fair and other activities held during the year will take place on Tuesday, May 30, 1972 at the Awards Day ceremonies at the school.

Conference Art Fair

April 21 & 22

On April 21st and 22nd, Antioch High School will participate in the annual Conference Art Fair to be held in the Belvidere Mall in Waukegan.

The exhibits will consist of the best work produced by students in the present school term. Many of the items will be for sale.

Conference schools participating are: Antioch, Grant, Grayslake, Lake Forest, Lake Zurich, Round Lake, Warren and Wauconda.

CARMEL HIGH

HONOR ROLL

Receiving second honors on the Carmel High School For Boys Honor Roll are Phillip Sunich and Edward Gromala from Antioch; Frank Jaskowiak from Lake Villa, Ill. To receive second honors the boys have to have a grade level of 3.00 and no grade lower than C.

Salem School Board News

The regular meeting of the Salem Consolidated School Board was held April 11, 1972. There was a discussion on roof repairs for which we will be seeking bids to repair the roof.

A "Space Committee" was appointed by Board President Erdman comprised of Messrs: Lonergan, Merten and Mr. DeLuka.

The Housing Agreement for the Special Education Class in our building was agreed upon.

The Teachers Wage, Hour and Conditions of Employment for 1972-73 school year were presented and accepted.

A letter of resignation from Mr. Fred Rau was read and accepted to become effective June 1, 1972.

presents

Left to right: Joyce Woods, Colette Dayton, Wayne Sobelak, Gail Petterec, and Elma Manuel, all of Antioch, rehearse their parts in "Requiem", which will be presented to the United Protestant Church in Grayslake on Sunday, April 23, at 3:00 p.m. The concert, given by the College of Lake County Community Chorus and CLC Singers, is open to the public.

"Requiem"

The College of Lake County Community Chorus and CLC Singers, under the direction of Warren G. Simpkins, will present a performance of Gabriel Faure's "Requiem" at 3:00 p.m. on Sunday, April 23, at the United Protestant Church, Park Avenue and Whitney Street, in Grayslake. The concert is open to the public free of charge.

Faure (1845 - 1924) composed the "Requiem" in 1886, and it was first performed in 1888 in Paris. He was a leader of French music, and his compositions include operas, choral works, songs, and chamber music.

Soloists for the performance are CLC sophomores Janet Ashley, soprano, from Half Day, and Paul Durand, baritone, from Waukegan. Guest organist is Suzanne White, organist and director of music, First Presbyterian Church, Waukegan. Mrs. White

was graduated cum laude with a Bachelor of Music degree from Lawrence University, Appleton, Wisconsin and has held church organist positions in Wis. Mass. and Chicago. From 1969 - 71 she was organist and director of music at Memorial United Methodist Church, Zion. Membership in the CLC Singers is limited to students currently enrolled in the College and members are selected by audition of the entire student body.

The College of Lake County Community Chorus, now in its third season, serves singers and listeners from all areas of Lake County. Membership is open to persons interested in singing and auditions are not necessary. New members are invited to join at registration time next fall. The chorus performs a variety of music -- sacred and secular, both traditional and contemporary. Rehearsals are held one evening a week.

Walter Schiller Forms New Company

Walter J. Schiller has resigned as President of Burlington Roofing and Insulating Corp., and has formed his own business to be known as SCHILLER ROOFING & INSULATING COMPANY. This change is effective immediately.

He has been in this business for over 27 years and will temporarily work out of an office at his home at 188 Lewis Street, Burlington, Wisconsin. The shop warehouse is located in the old Burlington Mills building on E. Washington Street.

Mr. Schiller has purchased trucks and equipment to service customers in the lines

of residential, commercial and industrial roofing, along with equipment to insulate all types of buildings, both old and new. He will also handle all types of aluminum roll up and permanent awnings, aluminum patios, carports, and store fronts, aluminum combination doors, windows and shutters, and aluminum, vinyl and steel sidings for complete home improvements.

All estimates are free of charge, with no obligation on the customers part.

All workmen covered by Workmen's Compensation, Contractors liability and property damage insurance.

16 YEARS PARAPHRASING THE BIBLE

If you've tried reading from the Bible to youngsters, chances are you wound up doing some paraphrasing. That is, you told it in your own way in order to bring out the meaning.

Sunday school teachers, missionaries and parents have always considered this a perfectly logical, necessary and reverent thing to do. Yet, somehow, it's been a no-no to put this easy-to-understand formula in writing, and to say this, too, is the Bible. As if certain ancient writing FORMS are holy, rather than the content.

Back in 1955, Kenneth Taylor, then a 38-year-old editor for Moody Press in suburban Chicago, would read passages from the King James Version to his children, then would usually have to paraphrase it for them before they could comprehend it and could answer questions on it.

One night, one of his eight children, upon being told what the particular Bible passage had meant, asked with supreme logic: "Then why didn't it say so?"

Spurred by his family's enthusiasm for his written paraphrases, Taylor, son of a United Presbyterian minister, and graduate of Wheaton College and Northern Baptist Theological Seminary, set to work "rewriting" the Bible.

Liberated from the clutch of the archaic forms, Taylor got rid of excessive

punctuation, shortened sentences, simplified structure, made perfectly clear who was saying what, and wasn't afraid to add words to bring out the full meaning where he felt this was needed and was unmistakably intended. Footnotes in such cases say "implied."

Sixteen long years later, this very September of 1971, the Living Bible was published, the entire Old and New Testaments paraphrased. It is a publishing phenomenon, with more than 1 1/2 million copies already sold in this country in only six months, and another half million elsewhere.

Taylor's name is not found on the title page as author of the paraphrase, or even in the preface.

Asked about that, he shrugged. "Let people evaluate the Bible itself. After all, I didn't write the Bible."

But why not on the preface, which isn't the Bible?

"Well, I thought it would be better for people to realize this is the word of God rather than that it came through a particular person, so far as the translation is concerned. It just seemed to me it would be more authoritative without my name on it."

Taylor is on a fixed salary. All royalties -- 15 per cent of the retail price -- go into a foundation set up for distributing the Living Bible and translating it into 43 languages.

SANDEE AND KROLL REMAIN ON CLC BOARD

Incumbents, Mrs. Rolland Sandee and Mr. Walter Kroll, were the top vote-getters in the April 8 College of Lake County Board of Trustees election. Mrs. Sandee's 5,875 votes and Mr. Kroll's 4,883 votes won a three-year term for each to the College Board.

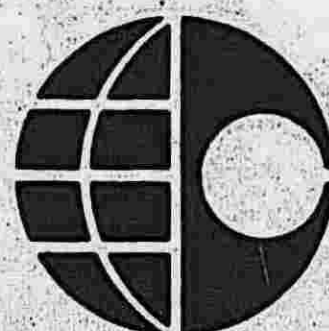

In the organizational meeting, the Board elected Dr. Lawrence C. Day of Libertyville Chairman of the Board; Mr. T. E. Paxton of Zion as Vice-Chairman; and Mrs. Helen Kopriva of Antioch as Secretary. Dr. Day and Mr. Paxton are charter members of the Board, serving since 1968. Mrs. Kopriva is serving in her second year, having been elected in 1971. The Board voted to continue its current practice of meeting on the campus at 7:30 p.m. on the fourth Tuesday of each month.

The Board recognized the service and contribution of last year's officers, Chairman T. E. Paxton, Vice-Chairman Walter Kroll, and Secretary Thelma Sandee. The citation noted that Mrs. Sandee has served as Secretary to the Board since the Board's inception in 1968.

Apollo 15 moon walking astronaut, Colonel James B. Irwin (right) receives a specially inscribed copy of "The Living Bible" by the Book's translator, Kenneth N. Taylor. Taylor was invited to the N.A.S.A. spacecraft center in Houston by Irwin to present a "Living Bible" to all 43 astronauts in the program. The one-millionth copy of the newly published, contemporary language Bible was received by Irwin in the Mission Control Room, where he will be the capsule communicator during the current Apollo 16 flight. Irwin carried and read a Bible while he was on the moon last August.

Save The Band Proposal

A proposal to save the band program in the grade school system was presented to District 34 Superintendent Henry Meyer and Board members at an April 10th meeting.

The report reads, in part:

The recent announcement of the Antioch Grade School Board of Education eliminates a number of activities from the present curriculum for the 1972-73 school year, including the Grade School Band. The premise for this action is economy. The only recourse, apparently thus far considered, is the passage of a referendum to provide the necessary monies to continue the programs. In the event of passage, the various programs will be retained. The success of this venture, however, in the eyes of the School Board is "historically" doubtful.

In the light of this situation, or at least as an interim measure until the issue is resolved, the membership of the Antioch Grade School Band Parents proposes an alternative solution leading to the maintenance of the Band Program in the Antioch Schools.

While it could be hoped a solution could be found for the retention of all the programs to be cut, the present proposal applies only to the Antioch Grade School Band. The reasons being that it is unique in having a longevity of some many years, it affects all Grade Schools in the Antioch system and it encompasses upwards of 200 children in the band program from the fourth to the eighth grade. Mainly, however, the Antioch Grade School Band in all its ramifications, is assisted by the resources of the Band Parents Association.

The fiscal aspects of the Antioch Grade School Band program are four in number. These are:

1. Expenditures for the purchase of instruments.

2. Expenditures for the purchase and maintenance of music and other supplies.

3. The salary of the band director.

4. Expenditure for buses in transporting band members to practice sessions and competitions.

The Antioch Grade School Band Parents Association proposes the following in relation to these four areas of expenditures:

1. The purchase of instruments does not constitute a financial burden upon the Antioch Grade School system. Instruments are either owned by individual students or are purchased and owned by the Band Parents Association. The sole

exception is two bass horns purchased with Upper Grade School Building Referendum funds and not in the operating budget.

2. Music and other minor supplies are paid for by funds derived from instrument rentals and concert receipts.

3. The salary of the band director is the major item to be resolved. The band director is the major item to be resolved. The band director is an 18 year teacher of tenure. With the dissolution of the band, it is proposed he become a fourth grade teacher. Because of the specialized talents involved and the salary differential, it is a waste in personnel and of the tax payer's money. To resolve this problem. The Band Parents Association proposes to charge a fee for instrument instruction not presently charged and from the resources of the Band Parents Association.

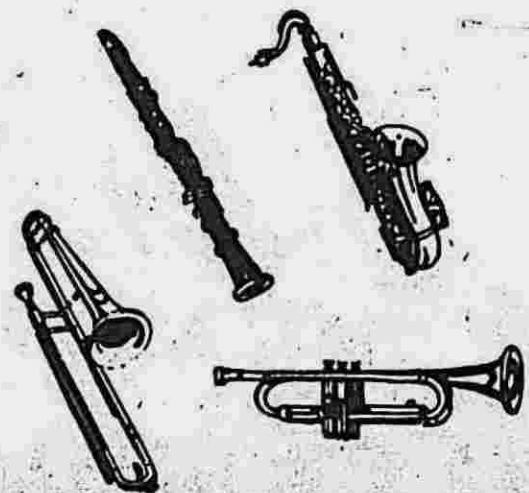

The Antioch Band Parents Association further pledges that no child shall be deprived of musical instruction or participation in the band program because of financial reasons.

4. The question of busing is easily resolved by rescheduling for instruction and practice within the school day, or failing this, transportation will be provided by private means as has been done in the past.

The re-installation of other programs that are to be cut would require little previous preparation, but to resume a band would require a minimum of four years. It would be difficult to train musicians of aptitude in any shorter length of time. The possibility is great that once the band has been discontinued, the problem of reorganizing would be practically insurmountable.

The Antioch Band Parents Association submits this proposal in good faith and in the belief it provides a realistic solution to the preservation of the Antioch Grade School Band.

The proposal was accepted by the board and will be put on the agenda for discussion at the next board meeting, April 18. It is not known at this time whether there will be any action taken by the board, but parents said their hopes were high that the band program could be saved.

With a Stern Eye

Now that the County Board Election has faded into the mists of history, the fires are beginning to heat up under the race for chairman of the Board.

At the most recent meeting, lame ducks limped about among their spryer colleagues, purveying gallows humor about their upcoming terminations. And Bob Depke, once the scourge of those less self-assured, has become all dimples and good humor in defeat. Many of us never knew he could be so charming.

While Depke gestured mellowly on the floor, urging the defeat of any and all zoning variation requests, the gallery was packed with those who waited on the fate of Spinney Run and many of the newly elected novitiate. Never has the Lake County Board had such an avid audience. Since fourteen of the new Board of 25 are brand new to the game, speculation is running high on a number of issues.

How will they divide on chairman of the Board? What are the possibilities for a dark horse candidate? Any suggestions for that role? If Norm Geary wins the carrot, who would he back for President of the Forest Preserve? Finance Committee chairman? Ditto Ron Coles.

From the scuttlebutt that washes shin-deep in the courthouse corridors, Geary has been in contact with about every member of the new Board. He has, if you can believe the soothsayers, ten signatures on his ticket. That means that ten have signed away their options on the first ballot - they will vote for Geary. Three others, according to the entrails, have signed the Coles ticket. Naturally everyone is walking the halls, lists in hand, checking off their best guesses as to who are the ten - who are the three. Many are apparent at a glance.

But invariably the conversation dies as soon as someone asks about the Democrats. "What about the nine Democrats?" they ask as though referring to the Chicago 7. "Are they instructed to stick together? How come none of them have made any committment?" And there is no possible answer except a slow shake of the head. Who instructs a Lake County Democrat after all? A hardy breed like that survives by its own wits.

Actually, the idea of nine Democrats on the Lake County Board is a mind boggling one all by itself. "Those Democrats are drunk with power," says a disgruntled Republican committeeman, looking over

the disastrous (to him) returns from the March 21st Primary. "First thing you know, they'll be trying to make one of their own chairman of the Bo--" he stops, clapping a hand over the offensive statement.

That's probably not too likely - this year. There is still a pervasive belief among the surviving Republicans that all Democrats wear horns and the possibility of a coalition to elect a Democrat to that important, clout-equipped office is still an odds-on impossibility. But nine - nine of them can make themselves felt provided they don't wait too long.

"What are they waiting for?" asks a querulous partisan. "If they want our help to elect Doc Sandee to the State Senate, they'd better darn well support--"

Dr. Sandee is one of the retiring Board members who will be much missed on that eminent body. Although a Democrat, he managed the tricky task of being a gentleman, a scholar, a statesman and an ecologist - as well as a pragmatist of the first water - through his years of tenure. He brushes aside the seamy aspects of politics - as usual and has managed to rise above much of the bickering and back-biting that has characterized routine County Board business.

The newly elected Democratic Board members met together last week, apparently to get to know one another and to share cake and coffee. If there were any more sinister implications to the gathering, they have gone unreported. Though rumors, of course, are rampant. But then, they always are at this time of year...

Second annual conference teens against dystrophy

The Second Annual "Teens Against Dystrophy" Conference will be held in the Prudential Building Auditorium on Saturday, April 29th at 1:30 in the afternoon. The conference will include teen-agers from Cook, DuPage and Lake Counties. Last year "Teens Against Dystrophy" raised over \$10,000 towards the fight against muscular dystrophy. Guest speakers will include Bill Jackson, better known as, "BJ and the Dirty Dragon Show". The conference is open to all metropolitan teens. There will be no admission charge, however, for those wishing to join "TAD'S" there is a membership fee of

Lake County's 14th Annual Town and Country Art Show drew a total of 1056 entries, which makes this year's show the largest ever held, states Ray T. Nicholas and Helen Volk, Lake County Senior Extension Advisers.

The largest increase in exhibitors was in the grade school and pre-school age group with 625 different art pieces entered by 491 young artists. Thirty one high school students made 70 entries and 152 adults made 361 different exhibits.

Forty-two blue ribbons were awarded in the adult division, fourteen in the high school division and thirty-four in the pre-school and grade school division. Sixty-eight honorable mention awards

were made in the adult division, nine in the high school division, and seventy-seven in the lower age group.

The judge of the show was Dr. Walter Johnson, professor of Art and director of Extension in Visual Arts, University of Illinois, Urbana.

The blue ribbon and honorable mention winners in the three divisions of the Lake County show from the Antioch and Lake Villa area are:

BLUE RIBBON WINNERS-ADULT DIVISION-David Bridges, Always Life-acrylic; Carol Hill, Oil; Helen Shank, Bouffon Clown-watercolor; Priscilla Smith-Pastel, all from Lake Villa. Sally Zupan-two oils, from Antioch.

HONORABLE MENTION

WINNERS-ADULT DIVISION-Carol Alexander, The afternoon, Acrylic and Alex's Boots,Pencil; Shirley Grego, Bens Barn-Acrylic; Virginia Johnson, Ceramic; Fran Midanhauer, Portrait of Ricki-pencil and Time-Collage, of Antioch. Joan Casey, The Potter-oil; Harriet Hanson, Apple People Plaques; Carol Hill-Oil; Shirley Konen, Mon Marte-Oil; Anders Nordling - two Oils; Priscilla Smith, Pastel; Ken Wanhass, Still Life-pencil, of Lake Villa.

BLUE RIBBON WINNER- GRADE SCHOOL-David Scarpelli-Oil of Antioch.

HONORABLE MENTION WINNERS-Joe Coia of Lake Villa and David Scarpelli-Oil, of Antioch.

RESCUE SQUAD DONORS

Recent donors to the Antioch Rescue Squad are:

CATS DIET

by: Raymond A. Minor, D.V.M.
Manager of Veterinarian Services
Norden Laboratories

Many people worry more about their cats' eating habits than they do their own.

This is reflected in the average cat food TV commercial which makes the cat owner look like an overly anxious mother pampering an underweight child. The cat resembles a four-legged gourmet who can't be tempted by anything it's offered -- except the sponsor's product, of course.

This picture may be distorted, but there is some truth in it. Feeding cats a proper diet is a problem.

Man-made cat foods are not complete diets, and if fed exclusively, they will not keep a cat healthy nor playful as a kitten until it reaches a ripe old age. Cats need a whole lot more, and until quite recently, they got it themselves.

It has only been within the last 20 years or so that cats have become truly domesticated pets. Before this, a cat was usually expected to fend for itself with the aid of an occasional table scrap or bowl of milk.

In fact, in many agricultural areas in this country and in Europe, it is believed that cats should not be fed complete diets because this would dull their hunting instinct for rats, mice, gophers and other vermin. But in urban areas, cats are kept as household pets, and in many instances, they are in trouble.

The cat is a good hunter, well adapted to its

environment and able to meet its nutritional needs by killing and consuming other animals. But now many tens of thousands of cats are never allowed outside.

As a result, many cats are not as healthy as they ought to be, and that's when the veterinarian comes into the picture.

The questions I'm asked most frequently about feeding a cat are how often, how much and what. Here are my answers:

- Adult cats should be fed twice a day. Kittens (cats under four months old) and pregnant or nursing cats can be fed more often.

- A cat should be fed as much as it can eat at one meal, but if it starts to put on weight, the amount must be reduced.

- A cat should be fed a varied diet. A sample diet might be: dry food in the morning, raw meat twice a week for the evening meal (preferably raw organ meats such as liver, heart, or kidney), and as wide as possible a selection of canned foods on the remaining five evenings.

I also suggest a raw egg yolk once or twice a week. A cat owner might occasionally consider substituting such items as cheese, yogurt, baby foods, cereals, table scraps, a large bone to chew, soup, tomato or clam juice, cooked vegetables, and milk.

Since it isn't practical to advise owners to let their cats out so they can hunt, we'll just have to be content with a diet such as the one I've just outlined. This diet should contain all the vitamins and minerals a cat needs, but until we know more about the cat's nutritional requirements, I also recommend supplements, especially for older cats.

I also believe that the addition of fats to a cat's diet, either natural or supplemental, improves the cat's general appearance.

Your veterinarian keeps a variety of high-quality supplements on hand to satisfy an equally wide variety of owner temperaments and cat requirements.

I might also add that you can't buy these supplements

any cheaper at a pet store. Dose for dose, those dispensed by the veterinarian usually work out to be less expensive and come with an assurance of content and quality control that products sold over the counter do not have.

CENSUS BUREAU

TO TAKE

EMPLOYMENT SURVEY

The Bureau of the Census will conduct a survey of employment and unemployment in this area during the week of April 19, Forrest P. Cawley, Jr., Acting Director of the Bureau's Data Collection Center in Chicago, announced today.

This survey is conducted monthly by the Bureau for the U.S. Department of Labor. A scientifically selected sample of households throughout the entire United States is interviewed. The employment and unemployment data that are based on results of this survey provide a continuing measure of the economic condition of the Nation.

For example, the Bureau of Labor Statistics reported that the overall jobless rate was 5.7 percent in February, down from 5.9 percent in January and 6.0 percent in December, while employment was essentially unchanged.

Facts supplied by individuals participating in the survey are kept strictly confidential by law, and the results are used only to compile statistical totals.

ARBORETUM TO CELEBRATE ARBOR DAY CENTENNIAL EARLY

The Morton Arboretum plans a morning celebration of the 100th anniversary of Arbor Day on Saturday April 22, 1972. This year's official date for Arbor Day in Illinois is Friday, April 28 (always the last Friday in April), but the Arboretum has chosen April 22 because it is the birthday of J. Sterling Morton, founder of Arbor Day and father of Joy Morton who founded the Arboretum. For many years, April 22 was designated as Arbor Day in Nebraska, in honor of J. Sterling Morton. Arbor Day was also celebrated on Saturday, April 22, 1922, the year of the Arboretum's founding.

This year's Arboretum celebration will center around the planting of an Arbor Day Centennial Grove on the east side of the grounds. The tree planting will take place, rain or shine. The grove will consist of 100 trees and will include only the kinds of trees typically found in the forests of northeastern Illinois -- sugar maple, various kinds of oak and ash, ironwood, wild black cherry, basswood, black walnut, etc. The grove will help screen part of the Arboretum from noise of the East-West tollway. A second screening will be planted later between the grove and the highway, consisting of tree species more tolerant of road salt and highway fumes.

Fifty garden clubs, conservation organizations, service clubs, civic organizations, and youth groups from the surrounding communities will help plant the grove. Groups interested in planting a tree should telephone the Arboretum

Grateful "Thank You" from United Cerebral Palsy

A grateful thank you for your help in alerting the community to United Cerebral Palsy's annual fund-raising drive, the "53-Minute March", which took place in January.

Severe weather the day of the drive (January 16) and the subsequent 3 weekends curtailed our efforts; nevertheless as the campaign nears completion we, the Area Chairmen, do want to report to you, your readers who responded generously, and the many, many volunteers who "Marched" despite the extreme weather, that the campaign has gone over the \$250,000 mark. We sincerely thank you all for your help and especially our dedicated "Captains" who led

this effort.

Lake Villa Chairman, Mrs. Arthur Deutch, 7827 Westwood Place, with 186 volunteers collected \$747.00.

All who took part in this endeavor are to be commended since the funds collected are used to provide programs for children and adults crippled by cerebral palsy and their families; as well as to support research and educational programs. United Cerebral Palsy's programs include a school for severely handicapped children, seven summer camps for children, two summer residential camps for adults, adult activity groups, a transportation corps and family counseling services.

North Shore Sanitary District Awarded Grant for Comprehensive Sewer Treatment Projects

Congressman Robert McClory has released information of a \$21 million Federal grant to the North Shore Sanitary District for improvements of the waste treatment facilities of North Shore communities in Lake County. According to Congressman McClory, the grant represents 55 percent of the total estimated cost of \$40 million for Sewage Treatment Plant improvements at Clavey Road, Highland Park, as well as in Gurnee and Waukegan.

Other improvements in the comprehensive program of the North Shore Sanitary District include a filter treatment plant at North Chicago and chlorination, pumping stations,

interceptor sewers and other improvements in Highwood, Winthrop Harbor, Zion and other areas served by the North Shore Sanitary District. The North Shore Sanitary District Board is headed by Robert P. Will of Zion.

In making the announcement from his Washington office, Congressman McClory stated: "This is positive evidence that the Administration is making good on its promise to protect the human environment -- and to allocate Federal resources to improve the quality of American life. The North Shore Sanitary District Program is a giant step in the fight to save Lake Michigan."

Lake County Inspection

William F. Cellini, Secretary of the Department of Transportation, has announced the approval of a highway safety project which provides for a comprehensive program to inventory and evaluate bridge structures on the Lake County highway system.

The inspection procedures will consider design details on the bridges and approaches which affect operational safety such as critical approach alignments, poorly placed guardrails, projecting curbs, and the condition and placement of traffic control devices. Each bridge inspected will be rated as to its load carrying capacity.

The cost of the project will be approximately \$14,500. One-half of this will be reimbursed to Lake County, upon completion of the project, from federal funds available to the State of Illinois under provisions of the Highway Safety Act of 1966, Cellini said.

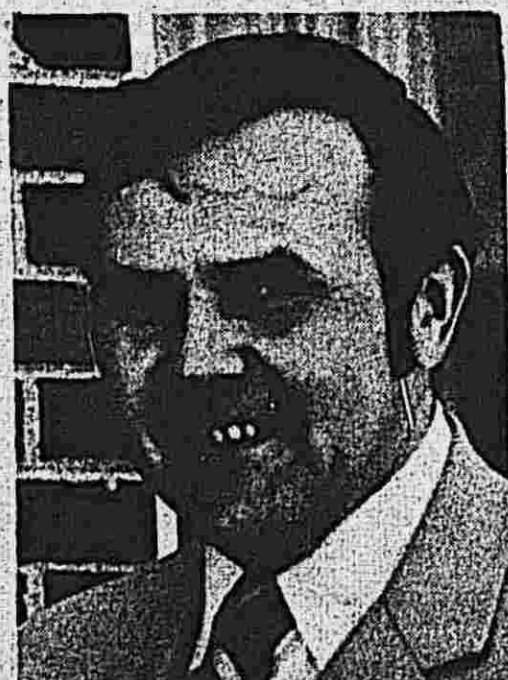

This local project is one of almost 800 county and municipal projects being conducted as part of the State Highway Safety Program. A

Public Information Office, 968-0074. Trees will be provided by the Arboretum, and tree planting demonstrations will be given. Music will be provided by the Naperville Community Band. Refreshments will be provided.

Bridges

number of projects are also being carried out by State agencies under the direction of Governor Richard B. Ogilvie to promote greater highway safety through advanced technology and training.

18 years is still under 21 according to Illinois Law

Illinois has made a number of changes in its law which enhance the legal status of 18 year-olds, but there remain some important prohibitions affecting persons under 21, according to the Illinois State Bar Association.

By amending the law to permit 18 year-olds to vote in all state and local elections, Illinois has followed the lead of Congress, which approved a Constitutional amendment lowering voting age from 21 to 18 for presidential and congressional elections.

Beyond that, recent changes in Illinois law provide that the 18 year-old male, like the 18 year-old female, shall be considered of "legal age" as this applies to the right to hold property, execute contracts and to remove himself from the parental home and control if he chooses to do so. The 18 year-old female has had these rights for some time under Illinois law.

At the same time, Illinois lawmakers have left unchanged the old restrictions affecting marriage by a male under 21 and the sale of alcoholic beverages or the issuance of a driver's license.

Thus, even though a female may marry at age 18 without parental consent, a male must still wait until he is 21—although he may marry with parental consent at age 18.

Any person—male or female—who buys an alcoholic beverage in Illinois must be at least 21 years of age on penalty of a \$50 fine, or jail term of 10 days to one year or both. And any driver's license application from an unmarried person under 21 must be accompanied by the signed consent of a parent. Moreover, withdrawal of consent means cancellation of the license.

The ISBA says some

confusion has arisen because of an amendment to the Illinois Probate Act reducing legal age of males from 21 to 18 to be equal with that of females "for all purposes..." Essentially, the ISBA says, the change means "for all purposes" of the Probate Act and even in that respect there is an exception, since the 18 year-old remains a minor as to gifts of cash, securities or insurance proceeds made to him under the Uniform Gifts to Minors Act.

The Probate amendment is not a blanket bestowal of all majority rights upon 18 year-olds as some people have believed, the ISBA says.

Finally, in the case of a divorce, the parent who is required to make payments for the support of a boy will find that this obligation may now be terminated at age 18, unless the child is continuing his education, in which case a court may order that the support be continued, perhaps including the expenses of a college education. This rule has always applied to girls upon reaching age 18 but, previously, support payments for boys ordinarily continued to age 21.

SUMMER CAMP FOR DIABETIC CHILDREN JULY 16 - AUGUST 6,

The twenty-fourth annual session of the Camp for Diabetic Children under the sponsorship of the Diabetes Association of Greater Chicago will be held from July 16 through August 6, 1972 at Holiday Home, Lake Geneva, Wisconsin.

Diabetic children, ages 8 through 13 are eligible and parents are urged to telephone the association's office, 943-8668 to request an application which will be mailed about March 1.

All the fun of a camping experience for three weeks is important and enjoyable but in addition these children are helped to learn more about their condition and to accept responsibilities such as injecting their insulin and balancing their diet. The medical and dietary staff are supervised by Helen M. Wilks, M.D., and James B. Hurd, M.D.

Rates are adjustable in cases of need and no child is ever refused for lack of funds.

Channel Lake Chatter

The Channel Lake Grade School P.T.A. elected their new officers for the 1972-73 school year at the last meeting.

Elected president was Mrs. Shelby Weiss, vice president, Mrs. Lorraine Lemke, secretary, Mrs. Sue Givens and treasurer, Mrs. Mary Lou Miles. The new officers will be installed at the next meeting in May.

In other business at the P.T.A. meeting was the election of two panel members, who along with six other members from the 3 other schools, will go before the administration and Board of Education with the question of concerned parents, regarding the budget cuts in the 1972-73 school year.

Elected were Mike Zeien and Mrs. Mary Lou Miles.

Two more area residents were added to the chicken pox list. Ann Teslow caught them from her daughters Sheri and Edie. Now, the family is waiting to see if Dad is going to catch them.

Also, spending this nice weather indoors is our daughter, Jeri Gutowski who came down with them Sunday nite, only after spending the afternoon at the Bernie Gutowski's celebrating cousin Donna's First Holy Communion. Now, Crest Lane in Antioch, has been exposed.

The staff at Channel Lake school surprised Mrs. Judy Robinson with a baby shower last Wednesday afternoon after school. She was delighted with her gifts, including the Raggety Ann and Andy dolls decorations and cakes. Raggety Ann is the decorating theme for the new nursery which will be occupied around May 9th.

Happy 14th Anniversary to Rich and Kathy Behrens who celebrated last Friday evening with a delicious dinner in Milwaukee along with friends Mike and Mary Jo Zeien.

Let me know the news.

Abbott boiler operator Lloyd Tasson adjusts spray gun used to inject semi-liquid solid waste into boilers for pollution-free disposal. This new anti-pollution procedure was featured at a recent environmental symposium sponsored by the American Institute of Chemical Engineers.

Abbott Developes Pollution Free System

A report on Abbott Laboratories' unique, pollution-free system for disposal of industrial sludges was featured at the American Institute of Chemical Engineers environmental symposium in Chicago today.

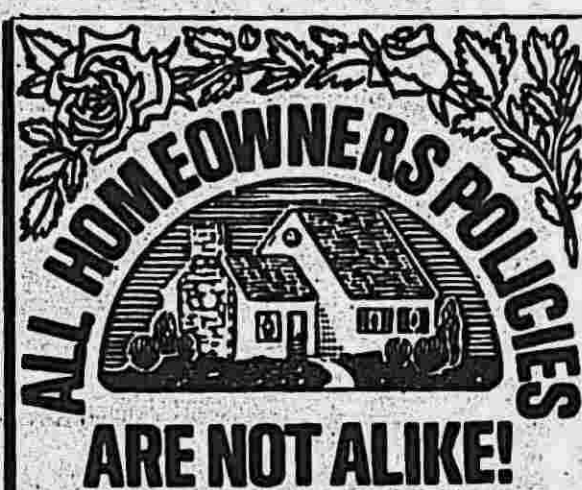

"Our new technology helps prevent odor, land and air pollution all at the same time," said Abbott engineer Dan Quane, who delivered the presentation.

Abbott's innovation permits semi-liquid solid wastes to be injected into coal-fired boilers for low-cost, pollution-free incineration. The high temperatures destroy odors, and an electrostatic precipitator controls air pollution. The remaining sterile ash can be readily used as landfill.

"We've developed the system to dispose of excess activated sludge from our expanded waste water treatment operation as well as disposal of liquid waste from antibiotic manufacturing," Quane said. He pointed out that the system can be modified to handle many other

kinds of liquid-solid waste.

The engineering symposium was held at the Conrad Hilton Hotel to discuss industrial effluent and emission standards and their enforcement, plus solutions to air and water pollution problems.

The Antioch News SPORTS

Large Opening Night Crowd for Lake Geneva Stocks

The third time around turned out to be a big opening night crowd for HATO Racing at the Lake Geneva Raceway on Saturday night April 15. Two previous attempts to open the 1972 season had been snowed out and cancelled. The crowd tonight totalled 2375 and contributed to a purse over \$2500.00.

Racing included four classes of cars. Johnny Reimer, Caladonia, won the modified feature after taking the lead from Wally Jores, Fondulac on the 21st lap. Jores had started on the front row and was the only other leader. He had earlier won a 10 lap heat race. Tom Jones of Northbrook won the late model feature after a long hard catch up drive over Kurt Peterson, Delevan.

Tom Fisher of Burlington

won the Sportsman feature and home town favorite John Bralin, Lake Geneva rounded out the Four Star, Four Feature race program.

Seventy cars took part in the opening night action with many cars from Chicago, Waukegan, Milwaukee and local areas where race tracks have not yet opened.

Racing for the four classes in the HATO Four Star competition will continue on Saturday nights till later in May when the number of classes will be reduced to two or three.

Fast time was turned in by Whitey Harris, Lake Villa, in a modified stock car with a lap at 17.88. This was slower than expected but the track still had moisture on the surface.

JENNRICH CITED FOR ACADEMIC ACHIEVEMENT

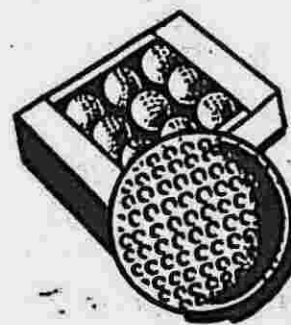

Edward Jennrich, son of Mr. and Mrs. Wilfred Jennrich of Lake Villa was recently honored by the Department of Naval Science at Iowa State University for his academic achievement.

Jennrich, an NROTC member, received a 3.20 grade point average, based on a 4.0 system and again has learned the privilege of wearing the academic star for the next quarter. It was the sixth consecutive time Jennrich had rated the honor.

The award was presented at a special Midshipman Assembly at the Iowa school on March 9th.

MAY SETS FAST TIME

Bob May has set fast time on 36 race dates since the Waukegan Speedway was paved three years ago. He holds the late model one lap mark at: 14.15.

Chicago Wayfarer Fleet. There will be exciting films, information on sailing in the Chicago Area and free refreshments. For further information contact Ricky Fortune, 334-2600 or 493-4076.

People interested in sailing are invited to attend an introduction to the friendly sport of sailboat racing and family cruising to be presented at the Burnham Park Yacht Club (just North of Miggs Field) at 8:00 P.M. on May 3, 1972, sponsored by the

SAILBOAT RACING FILM AT BURNHAM PARK YACHT CLUB

Drag Racers Spring Championships At Great Lakes Dragaway

The United Drag Racers 6th annual "Funny Car & Dragster Spring Championships" will be held Sunday starting at 2 P.M. at the Great Lakes Dragaway.

Featured cars will be the nitro burning funny cars and the 220 mile an hour supercharged dragsters.

Advance funny car entries include Gene Snow of Fort Worth, Texas; Pat Minnick's "Chi-Town Hustler" from Chicago; Arnie Beswick of Morrison, Illinois & Kelly Chadwick of Dallas.

Of the more than 20 dragsters entered, nearly half are of the new rear engine variety.

Dragster drivers include Tom Hoover, Dan Ross & Rick Stewart of Minneapolis, Dave Russel of San Diego, Dick Garnett of Indianapolis, John

Bernhagen of Detroit & Dan Mills of Canton, Ohio.

Illinois drivers are Jim Paoli of Springfield, Dick Huffer from Champagne, Sid Seely of Moline Dam and Rico Paris of Rockford & John Sinibaldi, Dick Shawfrank, Bob Lutz and Gary Dye all of Chicago. Dye will drive the famous "GuZler" while Rico Paris will pilot the only dual rear engine dragster in the nation. It develops over 3000 horsepower.

Wisconsin entries are Jack Mitchell of Beloit with "The Beachcomber", Danny Wingert of Milwaukee driving "Hot Rod Shop" & Jon Hanson of West Allis driving Dick Parisey's twin front engine dragster.

Saturday night will be grudge racing from 5 to 11 P.M.

ANTIOCH GOLFERS SLICED by Mundelein

Antioch's varsity golf team suffered through a frustrating week as they dropped one match and were rained out in two others.

On April 12th the Sequoit linksmen were defeated by Mundelein High School 186 to 208. The starting five for Antioch shot a creditable game for their lack of practice which has been hampered by bad weather.

Scores were:
Lee Bolton, 47
Bob Siperko, 52
Greg

Scores were:
Lee Bolton, 47; Bob Siperko, 52; Greg Erickson, 54; Jon Lasco, 55; Jeff Dykiel, 58. The rainout of the match with North Chicago has been rescheduled for Wednesday, April 19th.

In their match with Mundelein the Antioch frosh-soph lost 209-235.

BIGGEST SINGLE NIGHT MONEY WINNER

Carl Major was the biggest single night money-winner in Waukegan Speedway track history when he won both legs of the Twin 50 features Sunday night September 5, 1971.

TRIUMPH

BIG POWER WITH LESS WEIGHT... We've harnessed a tiger to run on the road-and he's powered by Triumph with 650 ccs. His twin cylinders rev up 47 BHP at 7000 rpm. And he's been slimmed down in weight to beef up his performance. Note the new lighter-weight forks, the new, lighter-weight brakes, the new, lighter-weight frame. A tiger that's truly a Triumph.

ENGINE TYPE	OHV-4 stroke	FRONT TIRE	Dunlop 3.25 x 19" K70
CYLINDERS	2	REAR TIRE	Dunlop 4.00 x 18" K70

Antioch Drops First Two Games

Antioch opened its rain delayed baseball schedule last week on a sour note, dropping its first two games by scores of 10-4 and 5-3.

Playing in typical early spring weather, the Sequoits "looked good" according to Coach Bill Seeman, "but still need more practice."

Seeman used a host of players in these, the early games and will probably require some time to settle on a solid starting nine.

In the April 11th opener Warren jumped on starter Bud Newton, for 7 runs in the first inning and coasted to an easy 10-4 victory. The first inning barrage was highlighted by Pete Goraline's grand slam.

Antioch put up a pair of devices in the second and fifth innings on clutch hits by shortstop Mike Guilfoyle and first baseman Greg Crutchfield, but the big first inning salvo was too much to overcome.

However, after the first inning jitters were over, the Sequoits settled down and played steady game.

Pitcher, Glen Amundsen, looked good in relief as he came in after Newton was able to retire only one man in the first, and finished the game in good style.

In the second game, Antioch blew a 3-0 lead and went down before Zion-Benton by a 5-3 score.

The Sequoits jumped off a quick lead in the second when pitcher Jerry Jacob walked, advanced to third, and was brought in on a sacrifice by Leonard Benning, the right fielder. The next two Sequoit batters got on base via a walk and a fielders choice and were doubled home by center fielder, Fred Popp.

The man with the big stick for the Zee-Bees was Bruce McKinney who stroked a single to right in the fourth, sending two teammates across.

While it would have been much better for the Sequoits to have swept their first two,

the losses are not all that important if Antioch can learn from their early mistakes and put together a win streak.

One point to clear up is fielding. The Sequoits were guilty of nine errors in the first two games, but better weather and more practice should bring out the soft hands.

Burlington, Wisc.,

Aviation Capitol of the World

(Burlington) — A chance to view the new operations of the Experimental Aircraft Association, an international organization with headquarters at Hales Corners (Milwaukee), Wisconsin, and recently completed hangar facilities at Burlington, Wisconsin is offered here, Sunday, April 23, from 11 a.m. to 4:30 p.m. with a "mini" air show scheduled for 2 p.m. There will be homebuilt and warbirds on the grounds for the public's inspection.

Last year the EAA announced a building program in Burlington, which included a hangar for their experimental aircraft. With the building program completed the public is invited to tour and inspect.

Also announced jointly by the EAA and the Burlington Aviation Association (BAA) is a spectacular air show and acrobatic competition on a world-wide scale on Saturday and Sunday, June 17 and 18.

Last year, Burlington was proclaimed the Sport Aviation Capital of the World, when the international event drew thousands into this southeastern Wisconsin city of 8,000.

The entire modern airport facilities of this community will be made available to the EAA-BAA, and several dozen world-renowned air stylists are expected to compete.
